GEORGE R. WACKENHUT

DATE TAKEN JULY 1952

This employee entered on duty 2-21-51 as a Special Agent (E) in Grade GS-10, \$5000 per annum.

At the conclusion of his training period Mr. Clegg said he was neat and well-groomed, he was intelligent and mentally alert. He had a pleasing personality and was a good conversationalist. He should develop into an above average agent.

On 3-4-51 he received a Uniform Promotion to \$5125 per annum in GS-10.

On 4-10-51 he was assigned to the Atlanta Office.

On 6-10-51 SAC Bills rated him SATISFACTORY and said he appeared to be applying himself in his development and his knowledge of Bureau techniques and mechanics. His work required no more than average supervision. He testified satisfactorily in moot court. He was considered a good dictator. He needed seasoning and developing in his ability as an investigator as well as his ability as a report writer. At a conference for new agents on 6-9-51, in the Atlanta Office he failed to pass the inspection type examination given, receiving a grade of 75½. He was rated in the middle limits of satisfactory.

On 6-30-51 SAC Bills rated him SATISFACTORY and said he had been utilized on physical surveillances and had handled this type of assignment in a very commendable fashion. Predicated on observation of his general demeanor the SAC would not hesitate to use him on dangerous assignments or raids under close supervision. He had experienced some difficulty in the preparation of his reports. The SAC had particularly commented to him that he should exhaust all logical sources for answers before questioning supervisors or other agents. He definitely needed to improve his over-all knowledge of Bureau functions and procedures, and the SAC believed that he was making a very satisfactory effort in this connection. He had been afforded a number of inspection type examinations during his assignment in the Atlanta Office as part of his training as a new agent. The SAC particularly noted that he had studied the manual and had improved his grades in a very marked fashion. He had closed a very satisfactory number of general and applicant type investigations. He appeared to be making a very definite effort to improve his investigative and report writing ability. His voluntary overtime had been somewhat below the office average.

He received a Basic Salary Increase to \$5625 per annum in GS-10.

b6  
b7c

By letter dated 8-25-51 he was CENSURED inasmuch as he had submitted a report under date of 5-29-51, in the case entitled [REDACTED] was. - Fugitive - Interstate Transportation of Stolen Property," in which he set out leads for an auxiliary office which had no previous information regarding this case, and that he failed to reflect in his report the fact that the subject was reportedly armed and should be considered dangerous.

On 3-2-52 he received a Uniform Promotion to \$5750 per annum in GS-10.

On 3-17-52 he was transferred to the Indianapolis Office. On his transfer report SAC Casper rated him SATISFACTORY and said he had worked on criminal, security and applicant type cases. He was industrious, enthusiastic, and had shown a willingness to share his burden of the case load. He had applied himself to his work diligently, and had produced a large amount of acceptable work. He adhered to deadlines unless failure to do so was attributable to some cause beyond his control. He was very thorough in his investigations, and had shown himself adaptable to security type work.

On 3-31-52 SAC King rated him SATISFACTORY and said he had been assigned to the general criminal squad in the Indianapolis Office and he had performed his assignments in an entirely satisfactory manner. In the SAC's opinion he was qualified to participate in dangerous assignments.

His overtime for March, 1952 while assigned to the Atlanta Office was 2 hours 42 minutes, and while assigned to the Indianapolis Office, was 56 minutes. With respect to his overtime of 56 minutes, his SAC advised he arrived in Indianapolis during March and spent quite a long time in searching for a place to live, and after locating same, spent some time moving and settling his family in his newly obtained quarters.

By letter dated 8-11-52 he was COMMENDED for his splendid participation relative to the investigation and apprehension of Fugitives [redacted] and [redacted] subjects of Deserter cases.

His daily average overtime for August, 1952 was 3 hours 8 minutes, with no travel overtime.

He attended In-Service Training from 9-8 to 9-19-52.

b6  
b7c

Memorandum dated 9-22-52 reflected that he had been afforded specialized training in Defensive Tactics and was qualified as an instructor in Defensive Tactics.

During an Inspection of the Indianapolis Office in January, 1953 he was the subject of a case write-up entitled [redacted] et al - Fugitive, Interstate Transportation of Stolen Property, in which he delayed in submitting a report in this case. No further action was taken.

By letter dated 2-25-53 he was CENSURED because during the inspection of the Indianapolis Office in January, 1953, it was noted that copies of five drafts which had been stolen at Grand Rapids, Michigan, on or about 7-15-52 in connection with the Interstate Transportation of Stolen Property case involving an unknown subject with alias [redacted] and other aliases, were made available to him on 8-4-52. The copies of these drafts had not been submitted to the FBI Laboratory at the time of the inspection and he failed to submit an investigative report in this matter until 1-29-53.

On 3-1-53 he received a Uniform Promotion to \$5875 per annum in GS-10.

On 3-31-53 SAC King rated him SATISFACTORY and said that he spent the vast majority of his investigative time handling check cases and had been particularly successful in this regard, having handled several cases of major importance. He had demonstrated an aptitude for this type of investigation and was extremely interested and conscientious regarding the investigation of these more difficult type cases. He had progressed very rapidly in that office. It was now believed that he was definitely capable of handling the more complicated type case. He was particularly accurate with regard to details as set forth in his investigative reports. He had established many fine contacts among law enforcement officers who were likewise engaged in the investigation of check cases. He had been rated very good in dictation ability. He had succeeded in developing two potential criminal informants. He was handling them in the Bureau prescribed manner and it was believed he was utilizing them to the best degree possible. Each had furnished information of value and it was believed they were both in a position to furnish real substantial information of value. He was well qualified to participate in any dangerous assignment.

His daily average overtime for April, 1953 was 1 hour 50 minutes, with no travel overtime.

In a memorandum dated 5-21-53 he was being considered for reallocation to Grade GS-11, but was passed over to be reconsidered at a later date in view of the letters of censure directed to him on 8-25-51 and 2-25-53 and inasmuch as he did not equitably share the burdens and responsibilities of the office in March, 1952.

By letter dated 7-3-53 he was COMMENDED for his admirable work in the Interstate Transportation of Stolen Property investigation involving James Edward Mescall and also in several other cases in this category.

On 7-17-53 SAC Blaylock rated him SATISFACTORY and said he had demonstrated that he could successfully handle the most complicated type of check case with a minimum of supervision. He had been particularly successful and had clearly demonstrated an aptitude for this type of investigation. He had been rated as very good in his ability to dictate. He had demonstrated that he was capable of handling potential and criminal informants and had, at that time, several potentials under his supervision. In view of the type of case he handled, he was not in a position to develop a considerable number of potential criminal informants, but those which he had succeeded in developing have proven productive and the files pertaining to these potentials had been maintained in accordance with Bureau regulations. In view of his ability to handle himself and to properly handle firearms with a great degree of proficiency, it was the SAC's opinion he was well qualified to participate in any dangerous assignment. He was considered for reallocation to Grade GS-11 upon the receipt of this report; however, in view of the change of Bureau policy effective 7-22-53, no further action was taken regarding his reallocation.

On 11-4-53 the SAC recommended that this Agent be considered for reallocation to Grade GS-11; however, no further action was taken.

During an Inspection of the Indianapolis Office in November, 1953 Inspector Williams said this personnel write-up was being submitted in view of the good impression he made during the inspection of the Indianapolis Office and the manner in which he handled his assignments. He was handling general investigations and in the recent past had been given a majority of the complicated Interstate Transportation of Stolen Property cases with reference to bad checks. A review of his work reflected he had done an outstanding job in this field. He appeared to have sufficient force and the type of personality which would equip him for an administrative job. It was suggested that he be considered for long range development and possibly a supervisor at the Seat of Government.

On 2-28-54 he received a Uniform Promotion to \$6000 per annum in Grade 10.

On 3-31-54 SAC Blaylock rated him SATISFACTORY and said he was intelligent, conscientious and thorough. He had handled the most complicated types of check cases in a highly skillful manner with a minimum of supervision. He readily understood the objectives of his cases and was particularly adept in obtaining signed confessions from subjects. His reports were well prepared, thorough and contained necessary details. He had qualified two criminal informants and had developed several potential informants. He had obtained a large number of convictions in Federal Court in bad check cases and had been primarily responsible for breaking up several notorious rings of bad check artists. He was recently responsible for the arrest of 8 subjects in an Interstate Transportation of Stolen Property resulting in 6 convictions in Federal Court and 2 in State Court. He was qualified to lead and participate in dangerous assignments. In his SAC's opinion he was one of the most capable of the younger agents of the office. He was interested in improving himself, and it was felt he possessed excellent possibilities for advancement along administrative lines.

By memorandum dated 4-12-54 his SAC submitted his name in connection with the Bureau's Personnel Advancement Program. It was noted that he was assigned to the criminal investigations, specializing in complicated Interstate Transportation of Stolen Property cases involving forged check rings. He had been outstanding in solving complicated check cases, resulting in many successful prosecutions in ring cases. He was intelligent and particularly adept at obtaining signed confessions from defendants. He presented a very good appearance, was athletic and handled contacts in a capable manner. His investigations and reports were above average for his experience. He had had no opportunity to serve in a supervisory capacity. In the SAC's opinion he was capable of assuming additional responsibility and should be considered for advancement on a long range basis.

By memorandum dated 4-7-54 his SAC recommended that he be reallocated to Grade GS-11. As evidence of his excellent work, his SAC pointed out his report dated 3-31-54, in the case captioned "Kenneth Lee Arbuckle, was et al, Interstate Transportation of Stolen Property", setting forth prosecutive results of 7 subjects in a bad check ring. Two subjects received 6 years each in Federal Court; 2 received 3 years each in Federal Court; 1 was now awaiting sentence in Federal Court; 1 was released to the Terre Haute Police Department for local prosecution since he had not passed checks interstate, and 1 was released to the South Bend Police since none of his checks went interstate, and he was now serving a sentence in the Indiana State Penitentiary.

By letter dated 4-30-54 he was advised of his reallocation to Grade GS-11, \$6140 per annum, effective 5-9-54.

Effective at the close of business 5-21-54 his resignation was accepted. It is noted he submitted his resignation in order to accept a position in private industry.

On his Cease duty report dated 5-21-54 SAC Blaylock rated him SATISFACTORY and said he was assigned to the Criminal Squad, specializing in fraudulent check cases. He presented a very good appearance, used sufficient force and aggressiveness and had been most successful in his handling of involved and complicated Interstate Transportation of Stolen Property cases. He was personally responsible for a large number of convictions in this type of violations. His investigations were properly conducted and his reports were well organized and contained necessary detail. He required a minimum of supervision for an agent of his experience. He was one of the better young agents in this office.

On his Exit Interview his SAC said he had made excellent progress as an agent and recommended that he be considered for reinstatement should he re-apply.

Memorandum dated 7-21-54 reflected that Former Special Agent Wackenhut handled [redacted] as a potential criminal informant in the Indianapolis Division prior to his resignation on 5-21-54. It was noted that [redacted] was arrested by local authorities in Nashville, Tennessee on charges of [redacted] attorney [redacted] [redacted] wrote former SA Wackenhut for verification of [redacted] claim that he was an undercover agent of the FBI and involved in the criminal activities in Nashville, Tennessee for the purpose of gathering information for the FBI. Former SA Wackenhut responded by advising [redacted] had been a criminal informant utilized by the Indianapolis Division. The Memphis Division was instructed to contact Attorney [redacted] and advise him the FBI had no knowledge of [redacted] activities in Nashville, Tennessee and he was not assisting the FBI in any way at the time of his arrest there. In

accordance with Bureau instructions agents of the Miami Division contacted Wackenhut and pointed out the impropriety of his letter to [redacted] By letter dated 7-28-54 to the Director, Former SA Wackenhut expressed his regrets with regard to the above mentioned matter and said that such an incident would not recur. By letter dated 8-5-54 Former Special Agent Wackenhut's letter of 7-28-54 was acknowledged by the Bureau.

On 10/10/45 Mr. H. L. Edwards interviewed the above-captioned applicant who has been discharged from the Army and who was interested in getting either a Special Agent's job or a position as physical education instructor for which he had applied in February 1945. He had asked for the entrance salary of \$3500 per year.

Wackenhut is not qualified for the position of Special Agent and he was advised that we had no job as physical instructor at the grade and salary he desired, and that the only position for which we could possibly consider him would be one in CAF-2 \$1704. He was not interested in this. He indicated that he might try to attain some additional qualifications and if he did he would get in touch with the Bureau.

Wackenhut does not have too favorable appearance or personality and it is doubted whether he would be suitable Bureau material.

The record reflected that the applicant was a graduate of the Upper Darby High School, and a notation

PH 67-11334

appeared that he served with the Detachment Medical Department, 34th Engineers, Schofield Barracks, Territory of Hawaii, during World War II. Nothing unfavorable appeared in the records.

At West Chester, Pa.

Miss M. E. GROFF, West Chester State Teachers College, made available the applicant's record reflecting his attendance from September 12, 1938 to the spring of 1941, when he left to enter the Army. He majored in Health and Physical Education, and received above average grades. His date of birth was listed as September 3, 1919, and his home address as 7438 Miller Avenue, Upper Darby, Pa. He graduated from Upper Darby High School in 1937. The records contained nothing derogatory concerning the applicant.

W. GLENN KILLINGER, Dean of Men; EARLE C. WATERS, Health and Physical Education Department; and Miss MARY M. HOLLAND, all advised that they considered the applicant a person of excellent moral character, good associates, reputable and loyal, possessing above average intelligence, and recommended him for Bureau employment.

At Philadelphia, Pa.

Miss ELIZABETH LANDES, Records Office, Temple University, Broad and Columbia Avenue, made available a record for the applicant reflecting his birth date as September 3, 1919, at Philadelphia, Pa. He attended summer school in the Graduate School of the Teachers College during the summer of 1946, and pursued a course in Physical Education. The exact dates of his attendance were not shown. His grades were above average, and his home address was listed as 937 Cornell Avenue, Drexel Hill, Pa. At this time he was associated with the Johns Hopkins University. The records contained no unfavorable information concerning the applicant, and Miss LANDES, who stated she had no way of knowing who the applicant's instructors might have been, was unable to suggest the names of any people who might have known the applicant.

Employment

At Philadelphia, Pa.

J. T. FITE, Office Manager, George Wood and Sons

PH 67-11334

Company, 514 Walnut Street, located a payroll account reflecting the applicant's employment as a mail clerk from April 7, 1938 to May 27, 1938. His reason for leaving was not indicated. Mr. FITE stated that he could locate no additional record of the applicant's employment, and presumes that he left voluntarily, inasmuch as there was nothing to indicate otherwise. FITE advised that he recalled the applicant only vaguely, and could remember nothing specific concerning him.

CHARLES C. THOMPSON, Production Clerk, George Wood and Sons Company, recalled the applicant, but stated he did not know him well as he worked for the Company such a short time. He added, however, that WACKENHUT made a favorable impression while there, and nothing unfavorable concerning his character, services or loyalty ever arose.

W. REED, Clerk, George Wood and Sons Company, advised that he was with the Company in 1938 but could not recall WACKENHUT.

R. S. ROOSE, Personnel Office, General Electric Company, 67th and Woodland Avenues, produced the applicant's employment record reflecting his employment as a messenger and Junior Clerk from September 15, 1937 to March 18, 1938, when he was laid-off due to lack of work. At that time he was single and his Social Security Number was listed as 144013359. Records contained a card signed by the applicant's Supervisor, E. M. REILLY, which noted that WACKENHUT was making satisfactory progress, had a progressive attitude toward his work, followed the instructions, appeared to be reliable, was industrious, and had good deportment and character. No unfavorable information concerning WACKENHUT was contained in the records, and ROOSE advised that Mr. REILLY, the applicant's former Supervisor is no longer with the Company. He was unable to locate anyone who might have worked with the applicant.

At Haverford, Pa.

J. G. BLACK, Assistant to the Head Master, Haverford School, advised that WACKENHUT was employed by that school as a Mathematics and Gymnasium Instructor from September 1945 to June 1946, when he resigned to accept another position. BLACK described the applicant as a good Gym teacher

PH 67-11334

but a poor Mathematics teacher, whose teaching did not meet the school's standards. He said that WACKENHUT was a person of good character and did not mean to detract from his character by the above statement. According to BLACK, the applicant's work in the Physical Education Department was satisfactory, and he would have been continued in that field but he would not have been allowed to teach Mathematics another year. BLACK further advised that he had no doubt of the applicant's loyalty to the United States, and knew nothing unfavorable concerning him other than his statement concerning WACKENHUT's teaching ability.

JOSEPH D. McQUILLEN, Physical Education Department, and FRED R. WALLACE, Director of Athletics, Haverford School, advised that they worked with the applicant during the time he was a gym instructor at the school, and commented favorably on his moral character, reputation, personality, and loyalty. They advised that when he first came to the school, WACKENHUT experienced some difficulty working with the young boys, and was unable to control them. They said they believed this was due to the fact that he had just been released from the Army and was accustomed to working with older men. They stated he was inclined to be too gruff and the boys rebelled. However, both McQUILLEN and WALLACE advised that this was no reflection on the applicant's character, and felt that he would be a fine asset to the FBI.

Dear Mr. Wackenhut:

You are hereby offered a probationary appointment as a Special Agent Employee in the Federal Bureau of Investigation, United States Department of Justice, in Grade GS10, with salary at the rate of \$5000 per annum less six per cent deduction for retirement purposes. Since this appointment is probationary for a period of one year after which time it will become permanent, it is to be understood that it will be necessary for you to demonstrate during your probationary period your fitness for continued employment in the Federal Bureau of Investigation. All salaries are subject to the necessary Federal Withholding Tax. You will also be allowed your expenses of travel in accordance with existing regulations when absent from official headquarters, which will be fixed at Washington, D. C., effective upon your entry on duty and thereafter changed in accordance with your field assignments. You should proceed to Washington, D. C., at your own expense in order to assume your official duties.

It is also understood that you are to proceed on orders to any part of the country that the exigencies of the service may require. You should therefore arrange your personal matters before taking oath of office that you will be able to accept assignment to any part of the country where your services may be needed.

It will be necessary for you to undergo a rigid physical examination immediately upon your reporting to Washington for duty. In the event the physical examination reflects that you are not capable of performing strenuous duties, or that your color vision or vision is not normal or that you have any defect which might interfere with your use of firearms, this appointment will be cancelled. For your information, this Bureau's standards require vision of no less than 20/40 in one eye and 20/50 in the other eye, corrected with glasses to normal vision of 20/20.

You should notify this Bureau at once if this appointment is accepted. If it is not accepted immediately it will be cancelled. Should you accept, you are directed to report for oath of office and assignment to Room 6113, Identification Building, 2nd and D Streets, Southwest, Washington, D. C., at 9:00 A. M. on February 12, 1951.

Your assignment during the ~~seven~~ weeks, six days per week training period will be at Washington, D. C., and Quantico, Virginia. No per diem is paid while in Washington; however, the period of training will include approximately three weeks at the FBI Academy at Quantico, Virginia, where a per diem of \$4.80 will be allowed. It will not be possible for the wives and families of appointees to be domiciled at Quantico during the period of training.

You should provide yourself with the following: 1 navy gray shirt and one pair of navy gray trousers for use on the firearms range; 2 pairs of white wool socks; one pair of gray athletic trunks, preferably with elastic waist; one athletic supporter; one gray sweat shirt; one pair of gym shoes, either high or low (avoid black composition rubber soles that will mark floors); 1 pair of slippers for shower room use (if klaks or clogs are preferred they should have rubber soles). You may bring these items with you or they may be purchased in Washington after your arrival.

Due to limited parking space, Agents are not permitted to take automobiles to Quantico. Storage space charges for automobiles in Washington are approximately \$1.25 per day.

Storage space for luggage at Quantico is likewise limited, and it is therefore desired that only a limited amount of clothing be brought by the Agent.

Before reporting for duty, you should provide yourself with sufficient funds to enable you to live for at least one month before receiving your first salary check.

In the event you accept this appointment, it will be necessary that you sever all business connections prior to your entry on duty.

You should also read carefully and closely the enclosed letter setting forth certain conditions under which the appointment is accepted and, if the conditions are thoroughly understood, it is requested you sign and return the letter to this office immediately.

This appointment, which should be considered strictly confidential and given no publicity, should be presented when you report for oath of office. However, if the date on which you report to this Bureau immediately follows your employment in another Government Agency, you should advise the Personnel Office of that Agency prior to entry on duty in this Bureau.

All employees of the Federal Bureau of Investigation are presently working six days weekly which will continue for an indefinite period. Payment

EDUCATION:

High School and colleges verified. Applicant's record at Wharton School of Commerce and Finance showed that applicant received an "E" in Commercial Law, but passed it with a "D" at a later examination. His grades in accounting were satisfactory. All other colleges favorable and recommend. Records reflect that applicant made above average grades. Professors favorable.

EXPERIENCE:

Messenger & Jr. Clerk, 6 months  
Mail Clerk, 1½ months  
Printer's Helper, 6 summers  
Instructor & Teacher, 9 months  
Instructor & Coach, 3 years, 4 months  
Pres. Emp: Training Specialist, since 2/50.

Assistant Head Master, Haverford School, advised applicant was a person of good character whose work in athletics was satisfactory, but whose teaching of mathematics was not up to the school's standards. He did not consider this as a re-

reflection on the applicant's character. Athletic director and former fellow instructor advised favorably concerning the applicant but said he had some difficulty handling the school boys, and they believed this due to the fact that he had just returned from the Army and was accustomed to older men. They stated that he was inclined to be too gruff and the boys rebelled. However, they both state that this was no reflection on the applicant's character, and felt that he would be a fine asset to the FBI. All other employers favorable and recommend highly.

Special Service Division  
of the Army Adjutant General's Office in the Pentagon will interpose no objection to employment of applicant by FBI. **FEB 8 1951**

discharged, 11/45, as First Lieutenant. Record clear.

The appointing officer before whom the foregoing certificate is made shall determine to his own satisfaction that this appointment would be in conformance with the Civil Service Act, applicable Civil Service Rules and Regulations and acts of Congress pertaining to appointment.

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee.*—The appointee's signature and handwriting are to be compared with the application and/or other pertinent papers. The physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) *Age.*—If definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment. Until such determination is made, the appointment may not be consummated.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members-of-family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

## APPOINTMENT AFFIDAVITS

### INFORMATION FOR APPOINTEE

**NOTE.**—Before he can be appointed, an applicant for a Federal position must meet certain requirements over and above the requirement that he be able to do the work he is employed to do. On the attached form you are to swear (or affirm) that you meet those requirements. In addition, there are certain restrictions upon your conduct as a Federal employee. They are set forth on this sheet. You should familiarize yourself with these restrictions and be guided by them. *Detach this portion of the form and retain it for your information and guidance.*

#### I. INFORMATION ABOUT APPOINTMENTS

Persons selected from competitive registers will receive either a temporary or a probational appointment.

For persons receiving a probational appointment, the first year of service is a probationary period unless a shorter period is fixed for the position by the Civil Service Commission. Satisfactory completion of probation is required for absolute appointment.

The completion of probation is required when a person, who is reinstated or transferred has not previously completed a probationary period.

Persons receiving probational appointments are included under the Civil Service Retirement Act.

Appointments specifically limited to 1 year or less are usually considered temporary appointments.

For excepted appointments, a trial period may be required at the discretion of the employing agency.

#### II. MEMBERS OF FAMILY RESTRICTION

Except for persons entitled to veteran preference, no person may be probationally appointed to a position in the competitive service if there are two or more members of his family already serving in the competitive service under probational or permanent appointments. A family is defined by the Attorney General as persons who live under the same roof with the head of the family and form part of his fireside. When they branch out and become heads of new establishments, they cease to be part of the old family. Minors do not establish another family merely by living at an address different from that of their parents. An appointment is illegal if the appointee is disqualified by the members-of-family restriction.

#### III. APPOINTMENTS ARE SUBJECT TO INVESTIGATION

All probational appointments, reappointments, reinstatements, conversions to competitive appointments, inter-agency transfers, and certain temporary appointments are "subject to investigation" for an 18-month period. During this period, the Civil Service Commission has authority to instruct an agency to separate an employee for any of the reasons given below except that the Commission's authority is not limited by the 18-month period in cases described under Items 4, 5, and 8 below. The condition "subject to investigation" expires automatically at the end of 18 months of service unless an appeal on loyalty matters is pending. However, an employing agency may remove an employee for any of the reasons given below at any time.

Any of the following reasons constitutes sufficient cause for the removal of an employee from the service:

1. Conduct or capacity of such a nature that removal will promote the efficiency of the service.
2. Physical or mental unfitness for the position he holds.
3. Criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct.
4. Establishment of the fact that the employee has made intentional false statements or engaged in deception or fraud in examination or appointment.
5. Refusal to furnish testimony to the Civil Service Commission or its authorized representatives in regard to matters inquired of arising under the Civil Service Act, Rules, and Regulations.
6. Habitual use of intoxicating beverages to excess.
7. Reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States (see Section IV).

8. Any legal or other disqualification which makes the applicant unfit for Federal employment.

#### IV. SUBVERSIVE ACTIVITY AND AFFILIATION

Section 9A of Public Law 252, 76th Congress, approved August 2, 1939, otherwise known as the "Hatch Act," provides:

"(1) It shall be unlawful for any person employed in any capacity by any agency of the Federal Government, whose compensation, or any part thereof, is paid from funds authorized or appropriated by any act of Congress, to have membership in any political party or organization which advocates the overthrow of our constitutional form of government in the United States.

"(2) Any person violating the provisions of this section shall be immediately removed from the position or office held by him, and thereafter no part of the funds appropriated by any act of Congress for such position or office shall be used to pay the compensation of such person."

Executive Order 9835 of March 21, 1947, provides:

"1. The standard for the refusal of employment or the removal from employment in an executive department or agency on grounds relating to loyalty shall be that, on all the evidence, reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States.

"2. Activities and associations of an applicant or employee which may be considered in connection with the determination of disloyalty may include one or more of the following:

- a. Sabotage, espionage, or attempts or preparations therefor, or knowingly associating with spies or saboteurs;
- b. Treason or sedition or advocacy thereof;
- c. Advocacy of revolution or force or violence to alter the constitutional form of government of the United States;
- d. Intentional, unauthorized disclosure to any person, under circumstances which may indicate disloyalty to the United States, of documents or information of a confidential or nonpublic character obtained by the person making the disclosure as a result of his employment by the Government of the United States;
- e. Performing or attempting to perform his duties, or otherwise acting, so as to serve the interests of another government in preference to the interests of the United States;
- f. Membership in, affiliation with or sympathetic association with any foreign or domestic organization, association, movement, group or combination of persons, designated by the Attorney General as totalitarian, Fascist, Communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or as seeking to alter the form of government of the United States by unconstitutional means."

The appointing officer will make available to you the list of organizations proscribed by the Attorney General upon your request.

Various appropriation acts contain a provision prohibiting the use of appropriated funds to pay the salary or wages of any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide that an affidavit shall be considered prima facie evidence that the person making the affidavit does not advocate, and is not a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide further that any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence and accepts

employment the salary or wages for which are paid from any such appropriation shall be guilty of a felony, and, upon conviction, shall be fined not more than \$1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

The affidavit referred to above is one of those to which you are required to swear (or affirm) on the attached page.

#### V. STRIKING AGAINST THE FEDERAL GOVERNMENT

Various appropriation acts provide that no part of the funds appropriated therein shall be used to pay the salary or wages of any person who engages in a strike against the Government of the United States or who is a member of an organization of Government employees that asserts the right to strike against the Government. Such acts provide further that any person who engages in a strike against the Government, or who is a member of an organization of Government employees that asserts the right to strike against the Government, and accepts employment the salary or wages for which are paid from any such appropriation, shall be guilty of a felony and, upon conviction, shall be fined not more than \$1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

One of the affidavits on the attached page to which you are required to swear (or affirm) pertains to this provision against striking against the Government.

#### VI. HOLDING STATE OR LOCAL OFFICE

Federal employees are prohibited from accepting or holding an office or position under State, territorial, county, or municipal governments. There are certain specific exceptions. They are published in Civil Service Commission Form 1236. Before any person appointed to the Federal service accepts or continues to hold any office or position under a State or local government, the matter should be presented to the appropriate authorities of the agency in which he is employed for a decision as to whether he properly may accept or continue to hold such office or position.

#### VII. POLITICAL ACTIVITY

The terms of the act of August 2, 1939 ("Hatch Act"), as amended, prohibit officers and employees in the executive branch of the Federal Government from using official authority or influence for the purpose of interfering with an election or affecting the result thereof. Further, such officers and employees are prohibited from taking any active part in political management or in political campaigns. These prohibitions apply not only to permanent employees, but also to temporary employees, employees on leave of absence with or without compensation, and substitute employees during the period of active employment. Political activity identified with any political party in any election is prohibited.

Some of the forms of forbidden political activity are:

1. Serving on or for any political committee, party, or other similar organization.
2. Soliciting or handling political contributions.
3. Serving as officer of a political club, as member or officer of any of its committees, addressing such a club, or being active in organizing it.
4. Serving in connection with preparation for, organizing, or conducting a political meeting or rally, addressing such a meeting, or taking any other active part therein except as a spectator.
5. Engaging in political conferences while on duty, or canvassing a district or soliciting political support for a party, faction, or candidate.
6. Manifesting offensive activity at the polls, at primary or regular elections, soliciting votes, assisting voters to mark ballots, or helping to get out the voters on registration or election days.
7. Acting as recorder, checker, watcher, or challenger of any party or faction.
8. Serving in any position of election officer, in which partisanship or partisan political management may be shown.
9. Publishing or being connected editorially or managerially with any newspaper generally known as partisan from a political standpoint, or writing for publication or publishing any letter or article, signed or unsigned, in favor of or against any political party or candidate. (Ownership entirely disassociated from editorial control and managerial activities limited entirely to business management would not be regarded as being within this provision.)
10. Becoming a candidate for nomination or election to office, Federal, State, or local, which is to be filled in an election in which party candidates are involved.

11. Distributing campaign literature or material.

12. Initiating or circulating political petitions, including nomination petitions.

13. Assuming political leadership or becoming prominently identified with any political movement, party, or faction, or with the success or failure of any candidate for election to public office.

General statements as to certain activities which are considered as permissible on the part of Federal officers and employees:

1. *Voting.*—The direct language of the law specifically provides that all such persons retain the right to vote as they may choose.

2. *Expression of opinions.*—The right to express political opinions is reserved to all such persons.

NOTE: This reservation is subject to the prohibition that such persons may not take any active part in political management or in political campaigns.

3. *Contributions.*—It is lawful for any officer or employee to make a voluntary contribution to a regularly constituted political organization, provided such contributions are not made in a Federal building or to some other officer or employee within the scope of the act referred to above.

4. *Political pictures.*—It is lawful for any officer or employee to display a political picture in his home if he so desires.

5. *Badges, buttons, and stickers.*—While it is not unlawful for an officer or employee to wear a political badge or button or to display a political sticker on his private automobile (except where forbidden by local ordinance), it is felt that it is inappropriate for any public servant to make a partisan display of any kind while on duty, conducting the public business.

6. *Penalties.*—Persons appointed to positions in the Executive branch of the Federal Government are warned that the penalty for an established violation of the above-mentioned political activity prohibitions is immediate removal from the service.

#### VIII. OFFENSES WHICH ARE PUNISHABLE BY FINE OR IMPRISONMENT

Certain other statutes prohibit Federal officers and employees from engaging in various activities under penalty of fine or imprisonment, or both. The activities prohibited by such statutes relate to such matters as political assessments, political coercion and discrimination, and purchase and sale of office. The text of these statutes is set forth in Civil Service Commission Form 1236.

Some of the activities prohibited under penalty of fine or imprisonment, or both, are as follows:

1. Solicitation or receipt of political contributions by one officer or employee from another.
2. The giving or handing over of a political contribution by one employee to another.
3. Solicitation or receipt of political contributions in a Federal building by any person, whether or not an employee of the Government.
4. Solicitation or receipt by any person of political contributions from any person receiving any benefit under any act of Congress appropriating funds for relief.
5. Solicitation or receipt of anything of value, either for personal reward or as a political contribution, in return for the use of, or the promise to use, influence to secure an appointive office under the United States.
6. Payment, or the offer of payment, for the use of influence in securing an appointive office under the United States.
7. Promising employment, compensation, or other benefit made possible by act of Congress as consideration or reward for political activity.
8. Discrimination by an officer or employee in favor of, or against, another officer or employee on account of political contributions.
9. Depriving any person on account of race, creed, or color, or political activity, of compensation or other benefit made possible by any act of Congress appropriating funds for relief.
10. Disclosure for political purposes of any list or names of persons receiving benefits under an act of Congress appropriating funds for relief and the receipt of such a list for political purposes.

#### IX. PROHIBITION AGAINST DISCRIMINATION

Appointing officers are required by the Civil Service Rules to act on all personnel matters "solely on the basis of merit and fitness and without regard to political or religious affiliations, marital status, or race."

#### X. INSTRUCTION OF APPLICANTS

Officers and employees of the Government are prohibited from instructing or teaching with a view to the special preparation of any person for civil-service examinations.

Counselor Orrell A. York reports: Wackenhut is a physically rugged fellow who keeps himself in excellent condition by such things as weight lifting, handball, and physical education activities, in which field his interest and experience lie. His appearance is good; he wears his clothes well and is neat and well-groomed. He is quite intelligent and mentally alert and absorbs class material quite well and thoroughly. He is very intent on whatever he is doing so that at times he may give the impression of being a bit too eager. He has an inquiring mind and tends to be a detailist and perfectionist. He is orderly, logical, and is usually ready with a question or observation. This man has the capabilities for being a better than average Agent. His progress thus far has been good. He should develop into an above average Agent.

[redacted] states: This man makes a good appearance and has an alert, erect bearing. He appeared to be thoroughly at ease during the interview and talked well giving a concise, cogent account of his personal history. No undesirable personal mannerisms were detected during the interview. He had no personal problems. He is self-confident and should prove to be a capable Agent.

Name of Employee GEORGE R. WACKENHUT Title Special Agent  
 Rating Period: from 4/10/51 to 6/10/51

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).  
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).  
- Unsatisfactory.  
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

GEORGE R. WACKENHUT  
Special Agent

This agent has been assigned in the Atlanta office since April 10, 1951. He makes a good personal appearance. He has a large build, a pleasing personality, and an ability to get along with people. The agent appears to be applying himself in his development and his knowledge of Bureau techniques and mechanics. His work requires no more than average supervision for an agent of his limited service.

He will be afforded additional training on the double action and pistol courses, and also in the use of the rifle and machine gun at the next firearms training with such courses scheduled. This agent has no knowledge of typing or shorthand. He has attended six new agents' conferences and testified satisfactorily in moot court. He operates an automobile satisfactorily. He is considered a good dictator by the stenographic personnel for an agent of his experience.

This agent voluntarily performs a good volume of overtime; however he definitely needs seasoning and developing in his ability as an investigator as well as his ability as a report writer.

At a conference for new agents on June 9, 1951, in the Atlanta office this agent failed to pass the inspection type examination given, receiving a grade of 75½.

I rate him in the middle limits of Satisfactory.

GEORGE R. WACKENHUT  
Special Agent

Special Agent WACKENHUT entered on duty in the Bureau's service February 12, 1951, and arrived in the Atlanta office April 10, 1951. This agent makes a very satisfactory personal appearance. He dresses neatly and in good taste. He is well-built, gets along well with people, is pleasant, and has shown ability in getting along with police contacts and business contacts in this office. He is rated as a satisfactory dictator by the stenographic personnel in this office. The agent has no knowledge of shorthand nor ability to operate a typewriter. He operates an automobile satisfactorily.

Predicated on observation it appears that he is in excellent physical condition and capable of performing any type of assignment as an agent. (He has been utilized on physical surveillances and has handled this type of assignment in a very commendable fashion. Since his assignment in this office his firearms scores have been above average for a new agent. Predicated on observation of his general demeanor I would not hesitate to use him on dangerous assignments or raids under the close supervision of a seasoned supervisor.)

Because of his relatively limited period of service I would not utilize this agent alone on complicated or delicate investigations. (He has experienced some difficulty in the preparation of his reports. I have particularly commented to him that he should exhaust all logical sources for answers before questioning supervisors or other agents. He definitely needs to improve his over-all knowledge of Bureau functions and procedures, and I believe that he is making a very satisfactory effort in this connection. The agent has been afforded a number of inspection type examinations during his assignment in this office as part of his training as a new agent. I particularly note that he has studied the manual and has improved his grades in a very marked fashion. This agent has closed a very satisfactory number of general and applicant type investigations. His attitude appears to be very healthy and he appears to be making a very definite effort to improve his investigative and report writing ability. )The agent's voluntary overtime has been

somewhat below the office average.

Predicated upon his accomplishments to this point  
I rate him as Satisfactory.

Dear Sir:

During the recent inspection of the Birmingham Division it was observed that you submitted a report under date of May 29, 1951, in the case entitled [redacted] - Fugitive - Interstate Transportation of stolen Property," in which you set out leads for an auxiliary office which had no previous information regarding this case, and that you failed to reflect in your report the fact that the subject was reportedly armed and should be considered dangerous.

The possible consequences which could result from an omission of this nature should be apparent to you and it is accordingly essential that you make sure there will be no recurrences of an error of this type on your part in the future. If you should fail to do this and again be responsible for a mistake such as this, it may be necessary to take more severe administrative action.

Very truly yours,

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).  
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).  
- Unsatisfactory.  
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

GEORGE R. WACKENHUT  
Special Agent

This performance rating is submitted in view of Special Agent WACKENHUT's transfer to the Indianapolis Division. This agent has been assigned to the Atlanta Division, his first office, since April 10, 1951.

Special Agent WACKENHUT has worked on criminal, security and applicant type cases. He is industrious, enthusiastic, and has shown a willingness to share his burden of the case load. He has applied himself to his work diligently, and has produced a large amount of acceptable work. He adheres to deadlines unless failure to do so is attributable to some cause beyond his control. He is very thorough in his investigations, and has shown himself adaptable to security type work.

During the course of an inspection this agent was criticized for failing to show in the synopsis of a report furnished to an auxiliary office that the subject was armed and should be considered dangerous.

Agent WACKENHUT has received experience in all investigative fields with the exception of accounting.

Rating - Satisfactory.

NARRATIVE COMMENTS

GEORGE R. WACKENHUT:

Special Agent Wackenhut was transferred to this office from the Atlanta Division on March 17, 1952. He is presently assigned to the general criminal squad in this office, and for the brief period of time that he has been here, he has been found to be performing his assignments in an entirely satisfactory manner.

After this agent has had more experience in this office, he will be assigned the more complicated type of case, as it is believed that he is now qualified to handle these cases.

It is to be noted that while assigned to the Atlanta Office, this agent participated in applicant, criminal and security investigations. He was described as being industrious, enthusiastic, and demonstrated a willingness to share his burden of the caseload. He produced a large amount of work and adhered to deadlines unless there was some other cause beyond his control which prevented him from doing so.

He was described as being very thorough in his investigations and adapted himself well to security type work. During an inspection of the Atlanta office, this agent was criticized for failure to show in the synopsis of a report furnished to an auxiliary office that the subject was armed and should be considered dangerous.

During an inspection of the Atlanta office, this agent was rated as very good in his ability to dictate.

It is my opinion that this agent is qualified to participate in dangerous assignments.

**VOLUNTARY OVERTIME REPORT**

**MARCH, 1952**

**INDIANAPOLIS DIVISION**

~~PERSONAL AND CONFIDENTIAL~~

*George R. Wackerhant*

Enclosed May 29 last in the above captioned matter, wherein you advised that of the 119 agents reported upon for the March, 1952 overtime, 11 agents averaged less than one hour per day. You also state that in the event these agents have explanations which they desire to submit, the Bureau will be pleased to receive them by separate communication.

Prior to the receipt of instant letter and upon my return from In-Servico, and after inspection of this report, I checked into the reasons of those having overtime below that of the office average, and I am setting forth these reasons for the 11 who had below one hour per day voluntary overtime.

**SA WILLIAM E. HENNING:**

This agent is 63 years of age, has 35 years' service, and I do not feel that he should have the amount of overtime as the younger, more active agents. His average overtime was 21 minutes per day, which was all at headquarters city.

**SA CHARLES E. BROWDER:**

This agent was a new agent just arrived from training school, and was only on duty here 18 days. During this period of time, he was getting settled, looking for living quarters and, therefore, spent much of his after office hours on these duties.

**SA THOMAS J. BROWN:**

This agent just arrived in this office and only worked two days during the month and was spending his after office hours getting situated and in locating a place to live.

**SA CHARLES E. JOHNSON:**

This agent was only on duty 19 days, being off part of the month due to the fact that his wife was confined at the hospital, and it was necessary that he assist at home with his other two children. This agent was also sick during that period which necessitated his working shorter hours.

CGH:brw

49

JUN 19 1952

ORIGINAL FILED IN 67-461-5-10

SA R. EMMETT HOSCHKE:

This agent's wife was pregnant during that period and spent a great part of the time at the hospital with complications resulting from her pregnancy. Agent HOSCHKE spent a great deal of time at the hospital with his wife, and in caring for her at home during this sickness, which continued until the child was born, and for approximately 10 days thereafter.

SA EUGENE R. POTHOLM:

This agent had a very serious case of the flu and was ill during this period, although he did work most of the month. He had previously consulted me about his illness and stated that he would report for work even though his condition was not very good.

SA HARRY V. SHARD:

This agent arrived in the latter part of March and was only on duty here 4 days and was spending most of his after office hours time looking for living accommodations and getting settled.

SA CHARLES M. SMITH:

This agent had just arrived from training school during the month of March and spent a good part of the month endeavoring to locate living quarters, and in getting his family here and settled.

SA GEORGE E. WASHBURN:

This agent also arrived in this office during the month of March, and spent quite a long time in searching for a place to live, and after locating one, spent some time moving and settling his family in his newly attained quarters.

RE DANIEL P. ROBERTS:

Agent Roberts was on Sick Leave for one week during the month of March, as the result of an attack of flu. He returned to duty before he had completely recovered from his illness and, due to the fact that he had not entirely recovered, was not able to work his usual voluntary overtime.

RE THOMAS J. RECHO:

Agent Recho advises that he had no personal problem, and apparently has no reasonable excuse for his overtime of 33 minutes per day.

I desire to point out that housing in Indianapolis is very critical and, although we have a personnel counselor agent who is continually endeavoring to locate proper housing for our agent personnel, and has been somewhat successful, it still is most difficult and a great deal of time is necessarily spent in getting located and settled here.

[redacted] Indianapolis, which is the residence of [redacted], other Agents proceeded there and their entry was refused by [redacted] who attempted to hold the door shut. After being repeatedly informed of the identity of the Agents and the necessity of entry to execute an arrest of the fugitive, Agents forced their way into the apartment and found the fugitive hiding under clothes in a closet along with [redacted], who was also wanted as a deserter. After restraining subjects, Agents were successively assaulted by [redacted]

[redacted] who returned to the apartment at that moment, followed by the three Agents on the surveillance. These three persons were restrained firmly, but without unnecessary roughness. One of the blows struck by [redacted] caused a fracture of a bone in the hand of SA McDonald. [redacted] received a cut under her eye when holding the door against Agents' entry. She was taken to a doctor, who found it unnecessary to take any stitches in the injury, treated it and gave her an examination resulting in his statement that she had no other injuries.

Attorney authorized prosecution charging Deserter-Harboring and Assaulting a Federal Officer. SAC King felt that the Agents handling this matter had done so with dispatch, taking prompt affirmative action in quelling the attempted physical opposition engaged in by the subjects' three relatives. He stated he had received a press inquiry in this matter and desired to make a press release, wherein he would release the essential facts described herein but would more or less play down the assault on Agents by [redacted]

Remytel August 7 last regarding the apprehension of the above listed deserters and the taking into custody of the deserters' mother, father and sister for Harboring. This teletype further sets forth that Agents THOMAS A. EVERSON, PAUL A. MILLER, GEORGE R. WACKENHUT, JOSEPH C. McDONALD and BENSON R. MOORE participated in these arrests which developed into a rather difficult situation.

This is a recommendation for a letter of commendation to each of the above-listed agents, for the outstanding manner in which they handled this most difficult situation. This situation could have very easily involved serious injury on the part of either subjects or agents, and the agents, in my opinion, used excellent judgment in the manner in which they restrained the subjects, particularly the female subjects who were most violent in their attempts to injure the agents.

It is, therefore, recommended that letters of commendation be directed to the above listed agents for the excellent judgment shown by them in the handling of the apprehension.

SA R. TERENCE McSWEENEY was also assigned to this matter, and his assignment was to watch the back stairway and side windows of the apartment, which apartment was located on the second floor. A letter of commendation is not being recommended for SA McSweeney because of the fact that the merit in this case, in my opinion, is not in the apprehension of the Fugitives, but in the excellent judgment used by the arresting agents in handling a difficult situation which arose in the apartment at the time of the arrest of the Fugitives, and in which SA McSweeney did not participate.

## MILITARY STATUS

The captioned employee, who was attending Inservice Training, appeared at the Personnel Office where he was interviewed by Thomas J. Nally in connection with his military status.

Wackenhut was inducted under the Selective Service System on July 11, 1941, and was commissioned a Second Lieutenant on March 6, 1943. He was released from active military duty on November 24, 1945, and joined an Army Reserve organization at Baltimore, Maryland, on July 24, 1947. He was very active in the Army Reserves and regularly attended drills as well as summer encampments until he entered on duty in the Bureau on February 12, 1951. Thereafter Wackenhut almost completely discontinued his reserve activities and has not taken any military leave while he was employed by the Bureau. On December 14, 1951, he accepted a promotion to the rank of Captain in the Army Reserves and this extended his reserve enlistment for five years or until December, 1956.

Wackenhut pointed out that he is desirous of making a career out of the Bureau and he feels he cannot do full justice to his commitments in the Army Reserve and at the same time carry out his Bureau responsibilities. He explained that since his appointment as a Special Agent he did not find the time to regularly attend reserve drills and that by so doing he felt he was not carrying out his obligations to the Army. Accordingly, he stated he was desirous of resigning his reserve commission and requested the Bureau to intercede with Army officials here in Washington to affect his resignation.

Wackenhut also advised that he was not a member of any organized Army Reserve unit and made inquiry concerning the course of action which he should follow in the event he were ordered to a two-week training course by the Army.

It is noted that Colonel Ringold of the Department of the Army Headquarters was contacted at the end of April, 1952, and advised the Army is not accepting resignations of commissions from reserve officers except for reasons of "extreme hardship" or physical disability. Colonel Ringold made reference to the fact that the signing of the Japanese Peace Treaty in April, 1952, brought to an end the duration of the war. Since all commissions are in effect for a period of five years or for the period of the duration of hostilities, plus six months, those who have held their commissions for a period of five years may if they wish request resignation of said commission six months after the signing of the above-mentioned treaty in November, 1952.

Since Mr. Wackenhut accepted his commission as Captain in December, 1951, it appears that under the regulations set out above he is not eligible to apply for resignation as a reserve officer at this time.

Wackenhut entered on duty at New Agents' Class February 12, 1951, and was assigned to the Atlanta Office on April 10, 1951. He was transferred to Indianapolis on March 17, 1952, and is presently in Grade GS-10. He received a satisfactory rating on his last annual performance rating. By letter dated August 25, 1951, he was censured for improperly setting out leads for an auxiliary office and for failing to indicate in a report the fact that the subject was possibly armed and should be considered dangerous. As noted above, Mr. Wackenhut has not taken any military leave.

RECOMMENDATION:

(1) Since it appears that Wackenhut is not eligible to apply for discharge as a Captain in the Army Reserves, and also since he voluntarily accepted a reserve commission as Captain on December 14, 1951, it is recommended that the Bureau take no action to affect Wackenhut's resignation from the Army. He is in the

*Inactive Reserve -*

(2) It is also recommended that in the event Wackenhut receives orders to report for a limited training period as a reserve officer, he promptly notify his SAC and the Bureau and the necessary action to accomplish his release from these orders will be taken by the Bureau if it appears warranted at that time.

(3) If you approve, Mr. Wackenhut will be so advised.

## OFFICE MEMORANDUM

Declassified by 60399AUCTAM?MLT/tcg on 12/27/05 #1012474

TO : Director, FBI

FROM : SAC, Indianapolis (67-1)

SUBJECT:   
 INFORMATION CONCERNING

October 16, 1952

~~PERSONAL AND CONFIDENTIAL~~b6  
b7C

Reference is made to my telephone conversation with Mr. JOHN MOHR of the Bureau on June 11, 1952, wherein I advised him that Special Agents JOSEPH PHIL CLICK, TIPTON MASTERSON, BENSON R. MOORE, GEORGE R. WACKENHUT, ARTHUR LEE WOODS, and DONALD R. PAISLEY resided in the 2100 block of Winfield Avenue in Indianapolis, and that these agents had advised that they had had occasion to observe the house on the corner of 21st and Winfield, which house was apparently occupied by two adult females. These agents had noted an unusual number of male individuals calling at this house during the day and night, and it was believed that the occupants of this house were either engaged in prostitution or some form of vice activity.

Upon receipt of the above information from these agents, SA JOHN B. LITTLE contacted  of the rental agency of these houses, at which time he advised that the house was rented to the above individuals who were waitresses, and that he was instructed to rent the house to these girls by the builder and owner of this particular house.  stated he had received no complaints regarding these girls and that if any irregular activities were taking place at this house, he would be glad to get rid of them.

b6  
b7C

Mr. MOHR, upon being furnished this information, advised that no further action need be taken by the Bureau and the details should be turned over to the Vice Squad of the Police Department for possible violation of local law. SA GUY H. INMAN, liaison man with the Indianapolis Police, furnished the information to the police department.

On October 14, 1952, EDWARD KENNEDY, reporter for the Indianapolis Times, Indianapolis, telephoned SA ARTHUR LEE WOODS of this office, requesting the names of agents who resided on Winfield Avenue. He stated he had information that the occupants at 2102 Winfield Avenue were operating a house of prostitution, which was located in the immediate vicinity of where agents of this office resided. He advised SA WOODS that he had obtained his information regarding the house of prostitution from a bread man working in the vicinity of Winfield Avenue, and that he had received his information from an informant at the Police Department that a complaint had been registered with the Police Department that a house of prostitution was being operated at the above address. KENNEDY stated his informant at the Police Department also advised him that an FBI agent had reported the above house of prostitution to the local police and were informed that the occupants were connected with some State of Indiana

officials and the local Police Department was unable to do anything about this matter.

Agent WOODS was previously a neighbor of the News Editor of the Indianapolis Times, and had become acquainted with him. Agent WOODS stated that KENNEDY had informed him that his boss, Agent WOODS' former neighbor, had instructed that he call WOODS. KENNEDY further informed WOODS that he would, in no way, connect the FBI with any information he might obtain regarding the matter, but that he merely wanted the names for the purpose of contacting them for information regarding this matter. Agent WOODS advised KENNEDY that he could not make any comment regarding the matter in question.

KENNEDY called again on the same date and advised SA WOODS he had obtained the names of Agent MOORE, PAISLEY and FLICK as residing on Winfield Avenue, apparently having obtained same from the bread man who delivers in that vicinity. KENNEDY stated he wished to contact these agents in order to obtain the information desired. Agent WOODS advised KENNEDY that he had no comment to make and was unable to furnish any information concerning this matter, to which KENNEDY stated he was not seeking his information officially, but merely wanted some agents who live in the community to furnish information regarding the above suspected house. WOODS advised me that he did not furnish KENNEDY any information regarding the matter, and he has not called subsequent to the last call set forth above.

This is being furnished to the Bureau for its information and no action is being taken thereon.

TOLSON'S NOTATION "King should advise agents not to divulge any information."

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent, of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent. I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. I am in receipt of a letter from MARSHALL E. HANLEY, United States Attorney, Southern District of Indiana, Indianapolis, dated December 16, 1952, advising me that following the trial of [REDACTED] and their [REDACTED] [REDACTED] recently terminated here by conviction, several members of the jury remarked to him that they were most favorably impressed with the testimony of the Special Agents of the FBI who testified in this case.

Mr. HANLEY goes on to state that he heartily concurs in this sentiment and that it is his sincere belief that it was only because of the excellent manner in the presentation of the evidence by the Special Agents that made a conviction in this case possible. He specifically commends the work in the preparation of this trial and the testimony given at the trial of Agents George R. Waackenhut, Robert L. Brannen, Joseph C. McDonald, Paul A. Miller, R. Terence McSweeney and Benson R. Moore.

He further extends the appreciation of his office for the splendid cooperation he has received from this Bureau in this case, as has been his experience in all previous cases.

A copy of this letter is being forwarded to the Chicago Office, and it is suggested that it be placed in the personnel file of SA R. Terence McSweeney.

PAY ROLL CHANGE SLIP—PERSONNEL COPY

February 25, 1958

Mr. George R. Eackenhut  
Federal Bureau of Investigation  
Indianapolis, Indiana

Dear Mr. Wackenhut:

During the recent inspection of the Indianapolis Office it was noted that copies of five drafts which had been stolen at Grand Rapids, Michigan, on or about July 15, 1952, in connection with the Interstate Transportation of Stolen Property case involving an unknown subject with alias [redacted] and other aliases, were made available to you on August 4, 1952. The copies of these drafts had not been submitted to the FBI Laboratory at the time of the inspection of the Indianapolis Office in January, 1953, and you failed to submit an investigative report in this matter until January 29, 1953.

Your delay in submitting a report in this case and your failure to promptly transmit to the FBI Laboratory copies of the stolen drafts are not in keeping with the high standards of performance expected of Bureau Agents. Prompt submission of this material to the FBI Laboratory might have effected the identification of the subject with a resultant savings of investigative time and funds. In the future you will be expected to handle your assignments with greater efficiency and dispatch in order to prevent a recurrence of such deficiencies as occurred in this instance.

Very truly yours,

SPECIAL AGENT

EOD: 2/12/51

GRADE: GS-10 \$5,500

SAC KING: Special Agent WACKENHUT is a second office Agent having been assigned to this office since March 17, 1952. He was assigned to the headquarters office where he handles general criminal type investigations. The vast majority of his assignments pertain to investigation of fraudulent checks and is used to a certain degree as a correlator of cases involving checks wherein investigation is required at the headquarters office. He has been found to be capable of handling the more complicated type of investigation and has demonstrated a very fine attitude toward his work. He is extremely interested in the investigation of these fraudulent check cases and has been successful in handling several cases of major importance. This Agent possesses a very fine appearance, is well built, is hard working, and is well regarded by his fellow employees. For an Agent of his experience, he has demonstrated that he is possessed of a well-rounded knowledge of Bureau rules of procedure and policy. Agent WACKENHUT is an approved defensive tactics instructor.

Photostatic copies of the five drafts were made available to the Indianapolis office at that time. A report was submitted by Agent Wackenhut on January 29, 1953. As of that date the photostatic copies of the stolen drafts had not yet been furnished the

Laboratory, but a letter had been dictated transmitting them.

Agent Wackenhut attempted to explain his delay in transmitting these photostatic copies of drafts to the Bureau by stating that in September he spent two weeks at In-service, and handled this case in conjunction with several other major check-passing cases, and thus was not able to submit a report until January 29, 1953. Wackenhut is assigned practically all of the Interstate Transportation of Stolen Property cases involving checks in the headquarters city because of his familiarity with all the pending cases and many of the closed cases.

SAC King tells me that Wackenhut is a very hard worker and spends many evenings at the office co-ordinating these cases. However, that is no excuse for the delay in transmitting these photostatic copies to the Laboratory. It is entirely possible that the Laboratory could have tied them in with similar cases being worked on in other offices, which might have resulted in the savings of considerable investigative effort. A letter of censure is recommended. M

INSPECTOR STEIN: This pending case, Detroit origin, supervised by ASAC STILES, was assigned to SA GEORGE R. WACKENHUT on August 5, 1952 when the case was opened in the Indianapolis Division, and has been continuously assigned to him since that time. This case was opened in the Indianapolis Division and not in the Detroit Division, the latter division being designated Office of Origin in report dated January 29, 1953 of the Indianapolis Division.

This case was opened in the Indianapolis Division upon receipt of complaint on August 4, 1952, from [redacted] Hoosier Casualty Company, Indianapolis, Indiana. Information furnished by the complainant was to the effect that approximately fifty drafts were stolen from the office of the Casualty Company's agent in Grand Rapids, Michigan on or about July 15, 1952, and that to date, five drafts had been passed. Photostatic copies of the five drafts were made available [redacted] The aforesaid report of January 29, 1953 reflects that three of the said drafts were transmitted interstate, having been negotiated in the State of Michigan and drawn on the Indiana National Bank, Indianapolis, Indiana.

b6  
b7C

It is noted that the complaint in this case was received in the Indianapolis Division on August 4, 1952 together with the photostatic copies of five drafts. These drafts have not as yet been transmitted to the Bureau, although a letter has been prepared for that purpose. It is also noted that the first period of investigation in this case is reflected in the aforesaid report of January 29, 1953, as October 15, 1952.

INSPECTION REPORT  
INDIANAPOLIS DIVISION  
INSPECTOR STEIN  
FCC:mlw  
4-B-2

This case should receive immediate attention in the Indianapolis Division. All leads should be covered promptly. It is noted that the aforesaid report of January 29, 1953 covers principally an interview with [ ] the original complainant in the matter.

b6  
b7C

Explanation is requested from SA WACKENHUT, ASAC STILES and SAC KING as to the delay in forwarding the drafts to the FBI Laboratory for examination and the delay in affording this case investigative attention. It is to be noted that this case was under the supervision of Supervisor L. E. BROWN from the time the case was opened until November 1, 1952. Explanation is requested from Supervisor BROWN.

SA GEORGE R. WACKENHUT:

This case was assigned to this Agent on August 5, 1952. Upon receipt of this case the writer conducted inquiry concerning same. As of September 8, 1952 the writer was at Washington, D.C. attending In-Service for a period of two weeks. Upon his return to this office, the writer instituted immediate investigation concerning instant case. This investigation has been handled in conjunction with several other major check-passing cases in this office, and the investigation conducted to date has been dictated in the form of a pending report. Immediate attention will be afforded the remaining leads outstanding in this district.

By way of explanation in connection with the delay in completing all leads in this district and reporting same, the writer desires to point out that he handles the vast majority of check cases and, due to the fact that during the pertinent period four major check-passing cases have been under investigation in this office, these other cases of necessity require a considerable amount of the Agent's investigative time.

The investigation concerning instant case has been followed closely and, as stated previously, results have now been reduced to a report. It is also to be pointed out that the drafts secured in instant case have now been prepared for transmittal to the Bureau by cover letter. The letter in question has been dictated.

SUPERVISOR BROWN: A report in this case should have been prepared and submitted without undue delay. Every effort will be made to afford such cases closer supervision in the future.

ASAC STILES: From a review of the file in this case it would appear that there was an extended delay in the reporting of the investigation conducted. As explained by SA WACKENHUT, this delay was occasioned by several major type check cases assigned to him and which were under investigation at the same time instant case was being investigated.

It is to be pointed out that Agent WACKENHUT is used as a semi-correlator of check cases arising in the territory covered by the headquarters office and has been successful in his investigation of several cases of major importance. As pointed out previously, SA WACKENHUT has dictated his investigation, and his report is presently being typed. He has likewise dictated a letter transmitting the checks to the FBI Laboratory.

Cases such as instant one will receive closer supervision to insure that there is no unnecessary delay in identifying the subject responsible for passing the checks and that all investigative aids are utilized immediately to attain the end desired in these cases.

SAC KING: Matters of this nature will be followed closely to insure against any delay in the prompt reporting of the investigation conducted.

SA WACKENHUT:

[REDACTED] was apprehended on Saturday, November 1, 1952 by detectives of the Indiana State Police at Washington, Indiana.

This agent, together with Special Agent IRVIN K. OWEN, spent that entire weekend, November 1 and 2, examining evidence obtained by the Indiana State Police and interviewing [REDACTED] at the Indiana State Police Post, Jasper, Indiana. The lengthy period of time involved in this connection was necessitated by the fact that [REDACTED] had defrauded some 183 banks over a three year period while employing in excess of 500 aliases. The evidence in question was voluminous and consisted of detailed records of every bank defrauded, its location, amounts obtained, and aliases used.

b6  
b7C

At the conclusion of this weekend's work, the Indiana State Police stated authoritatively that [REDACTED] would be turned over to federal authorities for prosecutive action in view of the subject's widespread activities throughout 30 states, and in view of the federal process outstanding against the subject at Jackson, Tennessee. Instant evidence remained in the possession of the Indiana State Police, to be turned over to the U. S. Marshal, Indianapolis, [REDACTED]

b6  
b7C

Between November 2, 1952 and November 7, 1952, the Indiana State Police decided to return [REDACTED] to local authorities at Bedford, Indiana rather than to federal custody, and despite efforts by Liaison personnel

of this office with the Indiana State Police to gain custody of the subject, [redacted] was tried in the Circuit Court of Lawrence County, Bedford, Indiana, on November 7, 1952 and was sentenced on that date to serve a term of two to fourteen years at the Indiana State Prison, Michigan City, Indiana.

b6  
b7C

Upon receipt of knowledge that the subject was tried and sentenced in state court, this agent immediately contacted the Jasper Post of the Indiana State Police and requested Detective SMILEY, then maintaining the evidence in question, to forward same to this office at his earliest convenience in order that the writer would be in possession of the necessary information to prepare a report. Detective SMILEY advised the writer that he would gladly comply with this request and would forward the evidence to Detective Sergeant EDWIN C. SCHROEDER, N. A., Document Examiner, at Indiana State Police Headquarters, Indianapolis, Indiana, with whom this agent is in virtually daily contact regarding check cases of mutual interest. From this date, early November, 1952, the writer contacted Sergeant SCHROEDER at intervals of twice weekly until December 22, 1952, on which date Sergeant SCHROEDER telephonically advised that it had finally become necessary for him to personally drive to the Jasper Post in order to obtain this evidence which he presented to the writer the same date.

By letter dated December 18, 1952, which letter was received in this office December 20, 1952, the Memphis Office advised that the Assistant United States Attorney, Western District of Tennessee, was presenting instant case to the federal grand jury at Jackson, Tennessee on [redacted]

b3  
b6  
b7C

By letter dated December 24, 1952, the writer advised the Memphis Office in detail of the evidence then in possession of this office that was of value to prosecution at Jackson.

By teletype dated December 31, 1952, the Memphis Office requested [redacted] to appear as a necessary witness before the federal grand jury [redacted]

b3

This agent returned to work at Indianapolis the following day, January 6, 1953 and began the preparation of a report in this case on

January 8, 1953. The complexity of this 23 page report involving the listing of 183 banks, 83 locations of operations, 19 additional aliases, and 29 companies, represented by the subject during his check passing activities, all of which had to be extracted, itemized, sorted and organized from the evidence on hand required approximately three and one half days of the agent's time.

A report has now been dictated and is presently in the process of being typed.

It should be noted that submission of a report prior to the receipt of the evidence from the Indiana State Police would have failed in its purpose as it was on the basis of the information contained in this evidence that copies and leads were designated for 28 Bureau offices.

It should be further noted that in the absence of this report a letter dated November 26, 1952, apprised the Bureau and Memphis of pertinent developments in this case as they existed at that time, including the subject's incarceration at the Indiana State Prison, Michigan City, Indiana, and, inasmuch as all offices were advised to discontinue investigative efforts to identify and locate [redacted] by Memphis airtel dated November 3, 1952, no further need for correspondence existed.

b6  
b7C

ASAC (FILED): The delay in submitting a report in this case was occasioned by the following:

The subject was apprehended and in the custody of the Indiana State Police. The evidence seized, consisting of voluminous bank records and other correspondence as described by Special Agent [redacted] was not made available to Agent WACKENHUT until December 22, 1952. It was not possible for this agent to intelligently review the voluminous evidence and submit a report to reach the Memphis Office prior to January 5, 1953. The alternative was to advise the Memphis Office by letter of the evidence available. This was done. As noted by Agent WACKENHUT, [redacted]

b3

[redacted] I also desire to point out that in my opinion, the delay in submitting a report in this case was not due to any dereliction on the part of Agent WACKENHUT. This agent is used as a semi-correlator in these check cases, and in my opinion has done a remarkable job in the investigation of instant and other check cases of major importance in this office.

SAC KIRK: The delay in reporting the investigation in this case has been noted. In the future in cases of major importance, such as instant one, preferred attention will be given the matter of reporting the investigation promptly.

In this matter, however, in view of the fact that Detective SHILEY of the Indiana State Police advised he was going to furnish this information to his superior in Indianapolis, it does not appear that it would have been advisable to have re-contacted him. It appears the Agent was aggressive in endeavoring to obtain this evidence by his numerous contacts with Detective SCHROEDER of the Indiana State Police Laboratory who apparently, as a result of these numerous contacts by Agent, went to Jasper and obtained the evidence and returned to Indianapolis and furnished it to Agent LACKENBUT.

INSPECTOR STEIN: This is not being considered a substantive error by me in view of the above explanation but it is being transmitted with case write-ups so that the Bureau will have the explanation for the delay in submitting a report.

NARRATIVE COMMENTS

GEORGE R. WACKENHUT

Agent WACKENHUT is a second office Agent, having been assigned to this office since March 17, 1952. He has been assigned to the general criminal squad in this office and has devoted the vast majority of his investigative time to the handling of check cases originating in the headquarters office.

This Agent has been particularly successful in this regard and has handled several cases of major importance. He has demonstrated an aptitude for this type of investigation and is extremely interested and conscientious regarding the investigation of these more difficult type cases. *inver. check cases*

This Agent has progressed very rapidly in this office. It is now believed he is definitely capable of handling the more complicated type of case. It is noted he is particularly accurate with regard to details as set forth in his investigative reports.

He has established many fine contacts among law enforcement officers who are likewise engaged in the investigation of check cases.

WACKENHUT presents a very fine appearance and has demonstrated a fine attitude toward his work. He is a well built individual and maintains himself in splendid physical condition. This Agent has been rated as very good in his ability to dictate.

The Bureau, by letter dated August 11, 1952, commended Agent WACKENHUT for his participation in the investigation and apprehension of fugitives [redacted] subjects of Deserter cases. He was commended for the prompt and affirmative action this Agent took when faced with a difficult situation which arose during the apprehension of the aforementioned subjects.

In connection with these same Deserter cases, Agent WACKENHUT was commended by the United States Attorney for the Southern District of Indiana for the excellent manner in which this Agent and other Agents testified during the trial of the aforementioned subjects.

b6  
b7c

As a result of an inspection had in this office in January, 1953, WACKENHUT received a letter from the Bureau dated February 25, 1953, wherein it was pointed out that this Agent had not submitted to the FBI Laboratory five drafts obtained in connection with the case entitled, "UNKNOWN SUBJECT, with alias [REDACTED] ITSP," and his omission to submit an investigative report as of the time of the inspection. The drafts in question were available to this Agent as of August 4, 1952.

b6  
b7C

During the course of this same inspection, January, 1953, WACKENHUT was the recipient of a case write-up in the case entitled, "UNKNOWN SUBJECT, with alias [REDACTED] ITSP." The write-up pointed out that the file contained only one serial which reflected that the complaint in the case was received as of November 5, 1952, but reflected no investigation made as of January 28, 1953, although there was a dictation slip reflecting that a letter had been dictated by this Agent on January 26, 1953.

b6  
b7C

This Agent has succeeded in developing two potential criminal informants. These two potential informants are being handled in a manner prescribed by the Bureau, and it is believed that Agent WACKENHUT is utilizing the informants to the best degree possible. Each potential informant has furnished information of value to this office, and it is believed that they are both in a position to furnish real substantial information of value.

The limited number of potentials developed by this Agent is attributable to a degree to the fact that WACKENHUT, as stated previously, devotes the vast majority of his investigative efforts to check cases in this office. This type of case does not lend itself to the development of potential informants in view of the nature of the individuals contacted in the course of investigating this type of case.

It is evident from a review of the files pertaining to the two potential informants handled by WACKENHUT that this Agent has a very good knowledge of what is expected in the way of proper handling of informants. It is further believed that this Agent is well qualified to obtain the best results possible from informants under his supervision.

In view of this Agent's splendid physical condition and his ability to handle firearms with a great degree

of proficiency, there is no question but what he is well qualified to participate in any dangerous assignment.

In rating this Agent as satisfactory, I have taken into consideration the two case write-ups received by WACKENHUT during the course of an inspection of this office during January, 1953.

The captioned Agent has been in Grade GS-10 for two years, having entered on duty in that grade on 2/12/51. He is being considered for reallocation to Grade GS-11.

On 6/10/51 he was rated SATISFACTORY.

On 6/30/51 SAC Bills rated him SATISFACTORY and said he had experienced some difficulty in the preparation of his reports. The SAC had particularly commented to him that he should exhaust all logical sources for answers before questioning supervisors or other agents. He definitely needed to improve his over-all knowledge of Bureau functions and procedures, and the SAC believed that he was making a very satisfactory effort in this connection. His voluntary overtime had been somewhat below the office average.

b6  
b7c

By letter dated 8/25/51 he was CENSURED inasmuch as during the inspection of the Birmingham Division it was observed that he submitted a report under date of 5/29/51 in the case entitled [redacted] was. - Fugitive-Interstate Transportation of Stolen Property", in which he set out leads for an auxiliary office which had no previous information regarding this case, and that he failed to reflect in his report the fact that the subject was reportedly armed and should be considered dangerous.

On 3/14/52 he was rated SATISFACTORY.

On 3/31/52 SAC King rated him SATISFACTORY and said he had been found to be performing his assignments in an entirely satisfactory manner. After he had had more experience in that office, he would be assigned the more complicated type of case, as it was believed that he was now qualified to handle these cases. He was rated very good in dictation, and it was the SAC's opinion that he was qualified to participate in dangerous assignments.

His overtime for March, 1952 while assigned to the Atlanta Office was 2 hours 42 minutes, and while assigned to the Indianapolis Office, was 56 minutes. With respect to his overtime of 56 minutes, his SAC advised he arrived in Indianapolis during March and spent quite a long time in searching for a place to live, and after locating same, spent some time moving and settling his family in his newly obtained quarters.

His overtime for August, 1952 was 3 hours 8 minutes, with no travel overtime.

By letter dated 8-11-52 he was **COMMEDED** for his splendid participation relative to the investigation and apprehension of Fugitives [redacted] [redacted], subjects of Deserter cases.

Memorandum dated 9-23-52 reflected he was qualified as an instructor in Defensive Tactics.

b6  
b7C

By letter dated 2-25-53 he was **CENSURED** because during the inspection of the Indianapolis Office in January, 1953, it was noted that copies of five drafts which had been stolen at Grand Rapids, Michigan, on or about 7-15-52 in connection with the Interstate Transportation of Stolen Property case involving an unknown subject with alias [redacted] and other aliases, were made available to him on 8-4-52. The copies of these drafts had not been submitted to the FBI Laboratory at the time of the inspection and he failed to submit an investigative report in this matter until 1-29-53.

On 3-31-53 SAC King rated him **SATISFACTORY** and stated that he spent the vast majority of his investigative time handling check cases and had been particularly successful in this regard, having handled several cases of major importance. He had demonstrated an aptitude for this type of investigation and was extremely interested and conscientious regarding the investigation of these more difficult type cases. He had progressed very rapidly in that office. It was now believed that he was definitely capable of handling the more complicated type case. He was particularly accurate with regard to details as set forth in his investigative reports. He had established many fine contacts among law enforcement officers who were likewise engaged in the investigation of check cases. He had been rated very good in dictation ability. He had succeeded in developing two potential criminal informants. He was handling them in the Bureau prescribed manner and it was believed he was utilizing them to the best degree possible. Each had furnished information of value and it was believed they were both in a position to furnish real substantial information of value. He was well qualified to participate in any dangerous assignment.

**RECOMMENDATION:** In view of the letters of censure directed to him on 8-25-51 and 2-25-53 and inasmuch as he did not equitably share the burdens and responsibilities of the office in March, 1952, it is recommended that he not be reallocated to Grade GS-11 at this time, but be reconsidered in July, 1953.

ARMY AND AIR FORCE RESERVES

The Armed Forces Reserve Act of 1952, Section 224, provides, "after date of enactment of this Act (July 9, 1952), all appointments of Reserve officers shall be for an indefinite term. Each officer not holding an appointment for an indefinite term on the date of enactment of this Act shall be given an appointment for an indefinite term in lieu of his current appointment if such officer, after written notification by competent authority, which shall be given within six months from the effective date of this Act, shall agree in writing to have his current appointment continued for an indefinite term. In the event such officer does not so agree in writing, the term of his present appointment shall not be changed by this section." The Act does not change the term of enlistment for enlisted men.

The majority of Officers commissioned in the Army and Air Force during World War II for a period of five years under the provisions of the National Defense Act were maintained in the Officers Reserve Corps for "the duration plus six months", or until October 28, 1952. Their commissions were extended by Executive Order until April 1, 1953. Thus all those whose commissions would have expired on April 1, 1953, according to the foregoing provisions, were discharged effective that date unless they accepted an indefinite commission as offered by the respective Reserve organizations.

By SAC Letter 123, dated November 21, 1952, you were instructed to advise the Bureau of any employee's change in status regarding the Reserve, such as acceptance of indefinite commission, or rejection of same and discharge from the Reserve. In order to ensure that the Bureau records are correctly maintained it is requested that you check the attached listings and ascertain that they are accurate and complete.

Those officers commissioned since April 1, 1948, should receive letters from the Army and Air Force before July 1, 1953, offering indefinite appointments. It is desired that you advise the Bureau of any employees who come under this latter group as to acceptance or rejection of indefinite commission.

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).  
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).  
- Unsatisfactory.  
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

# NARRATIVE COMMENTS

GEORGE R. WACKENHUT:

Agent Wackenhut continues to work on the General Criminal Squad in this office, where he devotes the vast majority of his time to the investigation of check cases originating at headquarters city. This agent has demonstrated that he can successfully handle the most complicated type of check case with a minimum of supervision. In this regard, he has been particularly successful and has clearly demonstrated an aptitude for this type of investigation.

This agent was commended by the Director in letter dated July 3, 1953 for the admirable work he performed in connection with several involved check cases in this office.

This man maintains himself in splendid physical condition, and makes a very fine personal appearance. He has been rated as Very Good in his ability to dictate.

Agent WACKENHUT maintains very fine contacts among law enforcement officers who are also actively engaged in the handling of fraudulent check cases.

This agent has demonstrated that he is capable of handling potential and criminal informants and has, at the present time, several potentials under his supervision. In view of the type of case this man handles, he is not in a position to develop a considerable number of potential criminal informants, but those which he has succeeded in developing have proven productive and the files pertaining to these potentials have been maintained in accordance with Bureau regulations.

In view of this man's ability to handle himself and to properly handle firearms with a great degree of proficiency, it is my opinion he is well qualified to participate in any dangerous assignment.

Re Indianapolis teletype August 7, 1953 advising subject [redacted] apprehended that evening after attempting to avoid arrest at high rate of speed in his auto and stopping only after two shots fired into air by SA DONALD R. LASH. The following information is submitted concerning this incident:

SYNOPSIS

Investigation by SA DONALD R. LASH, Indianapolis, disclosed subject, his wife and child, and his parents temporarily residing Alamo Plaza Motel, U. S. Highway #40 on east side of Indianapolis. SAs GEORGE R. WACKENHUT and TIPTON MASTERSON assigned to assist SA LASH in apprehending subject at motel. Inquiry at motel revealed subject's wife and child in cabin but parents in process of moving to another motel, subject not present but expected from work later. Subject and father operate tree surgery business on itinerant basis. Subject's mother observed leaving Alamo Plaza Motel in her auto, moving belongings to new address. SAs WACKENHUT and MASTERSON maintained surveillance of subject's cabin while SA LASH followed mother and determined new address for parents to be Shamrock Plaza Court approximately three miles west of Alamo Plaza Motel. SA LASH then returned to assist other two agents. Subject expected to return by 6 PM 8/7/53. As subject not observed on schedule, SA LASH returned toward Shamrock Plaza Court again to check on subject there. While enroute in Bureau auto, SA LASH spotted subject in new red Chevrolet convertible headed toward Alamo Plaza Motel. SA LASH followed subject's car. Subject drove into driveway of Alamo Plaza Motel, headed toward rear of premises where his wife's cabin located. SAs WACKENHUT and MASTERSON observed subject with SA LASH following. Through pre-arranged signals, SA LASH followed subject in Bureau auto into driveway of motel while other agents moved on foot alongside cabins toward subject's car. Agents planned to arrest subject when he alighted from his car. After pausing momentarily, subject suddenly darted in car toward exit. SA LASH attempted to block subject in Bureau auto, with siren operating. Driveway and exit too broad to cover, subject ran over shrubbery, passing in front of Bureau auto. Since SA LASH could not see other agents who were on foot at far end of premises, he pursued subject in an effort to stop him. Subject refused to halt. SA LASH overtook him with siren operating and pulled alongside. Subject forced SA LASH off highway. Subject

ran through red signal lights. SA LASH again overtook subject's auto and again Fugitive attempted to wreck Bureau auto. SA LASH then fired one shot, with left hand, straight into sky, since he felt his life in danger and subject would escape if car not halted. After first shot, subject slowed down and was observed driving in a leaning crouch. Second and final shot fired straight into air. Subject then pulled into entrance to Shamrock Plaza Court, where he stopped car and attempted to run a short distance, but was taken into custody by SA LASH. Subject admitted driving approximately one hundred miles per hour. Shooting occurred on open highway with no known witnesses. SAs WACKENHUT and MASTERSON obtained ride from passerby, arriving at scene of arrest immediately after apprehension. SA LASH states he is well aware of regulations against firing warning shots, however, he claims after two attempts at great speed with siren operating, to halt subject, both times subject forced him off highway. SA LASH felt warning shots only method of halting subject and avoiding LASH or some motorist being killed.

#### RECOMMENDATIONS

- (1) It is recommended no administrative action be taken against SAs LASH, WACKENHUT or MASTERSON. These agents used reasonable caution and care in attempting to arrest subject when he alighted from his auto at motel.
- (2) It is recommended no administrative action be taken against SA LASH in this instance for firing two warning shots. This agent felt his life was in danger. Subject twice attempted to wreck the Bureau auto at great speed with siren operating. Only quick action by SA LASH in pursuing subject prevented subject's escape.

(3) It is recommended SA LASH be commended for his personal courage in pursuing subject at high speed, at great danger to his own life, and his successful apprehension when alone.

DETAILS

Memoranda of explanation are attached hereto from SAs DONALD R. LASH, GEORGE R. WACKENHUT, and TIPTON MASTERSON. Subject was apprehended about 6:30 P.M. August 7, 1953 in front of the Shamrock Plaza Court, located on U. S. Highway #40 on the east side of Indianapolis.

b6  
b7C

Subject is [ ] years of age, married and has one child. He is a Deserter from the Army and had been operating a tree surgery business with his father on an itinerant basis. SA LASH developed information that subject was in Indianapolis temporarily and staying at the Alamo Plaza Motel on U. S. Highway #40

approximately three miles east of Indianapolis. Since his father was reported with subject, SA LASH consulted the supervisor of Deserter cases, and Special Agents GEORGE R. WACKENHUT and TIPTON MASTERSON were assigned to assist LASH in the apprehension at the motel. SA LASH was driving a Bureau Ford V-8 of the police type, which is exceptionally fast.

They proceeded to the Alamo Plaza Motel and learned from the management that subject, his wife and child, and his parents had been staying at the motel, but the parents were in the process of moving to another court. Subject was reported driving a new red Chevrolet convertible and was expected home between 5 and 6 PM, from his work, place unknown. Subject's wife and child were reported in Cabin #24 at that moment.

Subject's mother was observed leaving in her car, moving belongings to the new address. Arrangements were made between the agents for Agents MASTERSON and WACKENHUT to watch subject's cabin for his return, while SA LASH followed subject's mother to learn their new address, as subject might report there. SA LASH learned the mother was moving into the Shamrock Plaza Court, approximately three miles west of the Alamo Plaza Motel. He then returned to join the other two agents.

About 6 PM, when subject had not returned to his wife, SA LASH decided to again check at the other court to see if subject was there. While enroute, he spotted subject pulling away from a store on the highway, headed toward the Alamo Plaza Motel. SA LASH swung around and followed subject, who entered the driveway of the Alamo Plaza Motel, proceeding toward the rear of the premises where his cabin was located. Another customer of the motel entered the driveway about the same time. SAs WACKENHUT and MASTERSON were in the office at the motel, and observed subject entering with SA LASH following in the Bureau car. Through pre-arranged signals, SA LASH proceeded in the direction of the subject's car, with the other two agents on foot, walking near the cabins where subject could not observe their approach. It was agreed they would arrest subject when he alighted from his car, and before he entered the cabin where his wife and child were located.

Subject apparently became suspicious and instead of alighting from his car, suddenly darted toward the front of the premises at great speed, headed toward the exit. SA LASH attempted to block subject with the Bureau auto, but the exit was too broad and the subject ran over the shrubbery and passed around the Bureau car. SA LASH could not observe the other two agents, who were at the far end of the premises, so he quickly tried to overtake subject, with siren operating full blast. He pulled alongside subject, who cut in and forced SA LASH off the highway. SA LASH again overtook subject, at great speed, and again subject tried to

force LASH off the highway. Subject passed through red signal lights, later admitting his speed to be around one hundred miles per hour.

SA LASH fired two warning shots, with his left hand with gun extended skyward. Shots frightened subject, who slowed his automobile and pulled into the Shamrock Plaza Court, where his father was located. Subject jumped from his car and attempted to run, but was apprehended by SA LASH in the presence of subject's father.

SAs WACKENHUT and MASTERSON obtained a ride from a passerby and arrived at the scene immediately after the apprehension.

STATEMENT BY SA DONALD R. LASH

In his attached explanation, SA LASH points out that he is well aware of the Bureau's regulations prohibiting the firing of warning shots. SA LASH states that he sincerely felt that subject had placed his life in jeopardy by twice attempting to force SA LASH off the highway at high speed. He also felt that unless he stopped subject immediately, that either SA LASH or a passing motorist would be killed in the pursuit, because of the subject's wild driving.

SA LASH claims he fired straight into the air, had no intention of shooting subject or shooting at the subject. He states that he observed after the first shot, subject ducked as if he thought he might be shot, and immediately slowed down his car. Subject then attempted to drive in a crouching, leaning position so SA LASH then fired a second shot which caused subject to turn into the court and stop.

SA LASH believes that subject would have escaped had he not fired the warning shots and that undoubtedly he or some other person would have been seriously injured or killed by a car crash, had subject not halted.

STATEMENTS BY SPECIAL AGENTS GEORGE R.  
WACKENHUT AND TIPTON MASTERSON

The attached explanations by these two agents verify the initial attempt by subject to escape and the quick pursuit by SA LASH. These two agents were approaching subject's auto on foot, after subject had entered the premises at the Alamo Plaza, driving toward his cabin. They were walking along the other cabins to prevent subject's seeing their approach. They were at the far end of the premises at the time SA LASH, in the Bureau auto, tried to block subject's departure through the exit at the front of the premises.

WORK RECORD

SA DONALD R. LASH - EOD 8-11-41, Non-Veteran. SA LASH is an experienced, mature agent and has a very satisfactory work record. He is conscientious and handles apprehensions in a calm and courageous manner.

SA GEORGE R. WACKENHUT - EOD 2-12-51, Veteran, U. S. Army 1941-45. Very satisfactory work record, has been commended by Director for outstanding work in fraudulent check cases.

SA TIPTON MASTERSON - EOD 2-5-51, Veteran, U. S. Navy 1944-46. Satisfactory work record. Assigned to Security Squad and worked on instant case only for purpose of assisting in apprehension.

### COMMENTS AND CONCLUSIONS

I have discussed this entire matter with all three agents. I think their plan to arrest subject when he alighted from his car and before he entered his cabin, where his wife and child were located, was a reasonable and sound one. SA LASH took quick action in the Bureau auto, attempting to block subject's auto when subject suddenly darted toward the exit at the front end of the premises. Subject passed around SA LASH by driving over the shrubbery. The exit is too broad to be completely blocked. The quick action of SA LASH alone in the Bureau car, prevented subject's complete escape. SA LASH sounded the siren and gave subject full opportunity to halt and submit to arrest. Instead, subject fled at great speed and twice attempted to drive LASH off the highway.

It is my opinion SA LASH was justified, under the circumstances, since his life was in danger, in firing the two warning shots which proved successful in halting the subject. The objective in this instance was to apprehend subject before someone was killed or injured in a car crash. In my opinion, SA LASH was justified in firing the two warning shots since there was no danger to any other person. The only way this entire matter could have been prevented, in my opinion, is by assigning several Bureau automobiles and several more agents to block, completely, all possible methods of subject's attempt to escape in his auto. There was no advance information indicating subject was armed, dangerous or had a record for rash action. In normal Deserter apprehensions, it is impossible and impractical to assign a large number of automobiles and agents for apprehensions of this type. I, therefore, feel that the plan followed by these agents in endeavoring to apprehend subject when he alighted from his car, and before entering his cabin, was based upon good judgment and past experience.

I feel that SA LASH displayed great personal courage in his quick action in pursuing subject alone at great speed which endangered his own life, and that such action on his part merits commendation.

### RECOMMENDATIONS

Recommendations that no administrative action be taken against any of these agents have already been set forth at the conclusion of the above synopsis.

Recommendation that SA LASH be commended for his quick action and personal courage is, likewise, set forth above.

At approximately 3:30 P.M., August 7, 1953, the writer and SAs DONALD R. LASH and TIPTON MASTERSON arrived at the Alamo Plaza Motel, east of Indianapolis on United States Highway 40 in Bureau car 954, in preparation to effect the apprehension of the fugitive of this case.

Prior investigation by Agent LASH had revealed that the fugitive, together with his wife and small child, were residing in Cabin 24 at instant motel and that he customarily returned from work, place unknown, between 5:00 and 6:00 P.M. daily.

At about 4:00 P.M. Agent DONALD R. LASH surveilled the fugitive's mother, who had also been residing at the Alamo Plaza, when she drove her car, a 1953 grey Chrysler convertible, from the Alamo to another motor court, the Shamrock Plaza, approximately three miles west of the Alamo to where she had just moved. Agent TIPTON MASTERSON and the writer remained at the Alamo to maintain surveillance of the fugitive's cabin. Agent DONALD R. LASH shortly returned to the Alamo and the plant surveillance continued.

At about 6:00 P.M. Agent DONALD R. LASH drove Bureau car 954 to the Shamrock Plaza to determine if the fugitive was there. Agent TIPTON MASTERSON and the writer remained at the Alamo, where, at 6:20 P.M., the fugitive returned in his 1953 red convertible Bel-Air Chevrolet. Agent DONALD R. LASH was observed to be following the fugitive in Bureau car 954. However, a third car entered the Alamo drive between the fugitive's car and that driven by Agent DONALD R. LASH. Agent TIPTON MASTERSON and the writer, on a pre-arranged signal from Agent DONALD R. LASH, proceeded on foot from designated positions toward the fugitive's car in order to make the arrest as the fugitive alighted from it. Agent DONALD R. LASH proceeded to attempt to block the only exit to the Alamo Plaza with the Bureau car. At this point, the third car in question pulled alongside of and passed the fugitive's car as he was preparing to park and immediately thereafter the fugitive appeared to become suspicious.

Just before Agent TIPTON MASTERSON and the writer arrived at the fugitive's car and even though neither were as yet observed by the fugitive, he immediately threw his car in reverse, turned around and sped out of the Alamo Court area, narrowly escaping collision with Bureau car 954, which was attempting to block the exit. As the fugitive sped from the court area, Agent DONALD R. LASH blew his siren and followed in close pursuit. The writer ran from his position at the far end of the court in time to observe the fugitive force Agent DONALD R. LASH in Bureau car 954 from the road on United States Highway 40.

The writer then observed the fugitive continue to travel west on Highway 40 at an exceptionally high rate of speed. Agent DONALD R. LASH drove the Bureau car from the shoulder of the road and continued the pursuit with siren blowing all the while.

Agent TIPTON MASTERSON and the writer immediately arriving at Highway 40, obtained a ride from a passing motorist and hastily proceeded west on Highway 40 after Agent DONALD R. LASH, arriving at the Shamrock Plaza, where the fugitive had been forced to stop, just as Agent DONALD R. LASH was taking the fugitive into custody.

Following a thorough search of the fugitive and his car, Agents DONALD R. LASH, TIPTON MASTERSON and the writer removed the fugitive to the Marion County Jail where he was incarcerated.

PERSONAL AND CONFIDENTIAL

Re report of SA LEO P. MCGILLICUDDY, dated 9-22-53, at Newark.

Captioned case is assigned in this office to SA GEORGE R. WACKENHUT. In reviewing this case, it was observed by this agent that one [redacted] ostensibly the ringleader, had made a number of long distance telephone calls from the Commodore Hotel, Washington, D. C. on 6-29-53, two of which were made to Downers Grove, Illinois 692-W.

Agent WACKENHUT advised me that this number is subscribed to by his brother, [redacted] Downers Grove, Illinois. [redacted] is the loan supervisor of the Chicago Office of the Penn Mutual Life Insurance Company, Otis Building, 10 S. LaSalle Street, Chicago, Illinois.

Agent WACKENHUT further advised that it had become known to him approximately one year ago that his brother's wife's half-brother, JOHN G. BOYD, the family "blacksheep" was involved in the "rackets", gambling and confidence game swindles in and around Chicago, and had been ordered out of Chicago several months ago by the Chicago Police Department, with explicit instructions never to return. Agent WACKENHUT's brother advised that he was not aware of the nature of BOYD's alleged activities, but felt certain that he was not involved in any activity coming within the primary investigative jurisdiction of the Bureau.

It was further made known to Agent WACKENHUT by his brother that on different occasions he and his wife, Mrs. MARY FRANCES BOYD WACKENHUT, would receive long distance phone calls from JOHN BOYD from varying locations throughout the country. These calls were generally made in the early morning hours, when BOYD appeared to be in an inebriated condition. The conversations were generally concerning family matters, activities of BOYD never being discussed.

Agent WACKENHUT has never met or seen JOHN BOYD.

Agent WACKENHUT further stated that it has recently come to his attention that BOYD has called his brother's home on frequent occasions during the past two months, and that the calls were being made from somewhere in California.

In view of the above information, there appears to be no doubt that JOHN G. BOYD and JAMES G. BRYAN are identical.

It is suggested that Chicago immediately interview [redacted] [redacted] for full details concerning their knowledge of BOYD's activities and present whereabouts. No need exists for discretion regarding the source of the facts contained herein, as [redacted] have, in the past, discussed freely with Agent WACKENHUT the activities of BOYD insofar as they were known to them.

FROM : SAC, Indianapolis (67-5079)SUBJECT: SA GEORGE R. WACKENHUT  
INDIANAPOLIS DIVISION~~CONFIDENTIAL~~

The above agent EOD February 12, 1951. He was originally assigned to the Atlanta Division and arrived in Indianapolis, his second office, in March, 1952. He is in GS 10 at \$5875 per annum.

SA WACKENHUT is assigned primarily to ITSP cases in the headquarters city involving Master Check Cases and the more complicated and involved types of bad check cases. He was commended by the Director July 3, 1953 for outstanding work performed in several involved check cases.

This agent has inquired about the possibility of being considered for re-allocation to GS-11. It is noted he was censured while in the Atlanta office by letter dated August 25, 1951 and in the Indianapolis Office by letter dated February 25, 1953. However, his work is definitely above average and superior to most other agents in the same grade, particularly in the handling of complicated bad check cases.

It would be appreciated if the Bureau would consider at this time his reallocation to GS-11.

FROM: SAC, Indianapolis

SUBJECT: SA GEORGE R. WACKENHUT

~~PERSONAL AND CONFIDENTIAL~~

Declassified by AUCTAM/MLT/tcg on 12/27/05#1012474

Based upon the Annual Performance Rating submitted on the above agent, it is recommended he be considered for reallocation to GS-11 by the Bureau.

Further indicative of the excellent work performed by this agent, particularly in complicated Interstate Transportation of Stolen Property cases involving bad check rings, the attention of the Bureau is invited to the case captioned [redacted] was, ET AL, ITSP" wherein the report of SA WACKENHUT dated April 1, 1954 at Indianapolis sets forth the prosecutive results of seven subjects in a bad check ring. Two subjects received six years each in Federal Court; two subjects received three years each in Federal Court; one is now awaiting sentence in Federal Court, and one was released to the Terre Haute Police Department for local prosecution since he had not passed checks interstate, and one was released to the South Bend Police Department since none of his checks went interstate, and he is now serving a sentence in the Indiana State Penitentiary. This is one of several ring cases handled by this agent and all of the successful prosecution can be attributed solely to his efforts.

SAC BLAYLOCK: SA Wackenhut presents a very good, athletic appearance, seems to possess above average intelligence and is conscientious in discharging his duties. He is now assigned to his second office. He is married and has two children. The majority of his investigations involve fraudulent checks in the more complicated types of Interstate Transportation of Stolen Property cases in the headquarters city. He is above average in accurately handling details in these cases, which usually have multiple subjects with many aliases. SA Wackenhut is a thorough investigator and is more serious-minded than the average agent of his age group. He has had no opportunity to serve in a supervisory or administrative capacity in this office, however, based upon the capable manner in which he handles the voluminous administrative details of his reports, I believe he is well qualified for training along supervisory or administrative lines. He readily understands the objective of each investigation. His over-all progress has been satisfactory in every respect. It is recommended SA Wackenhut be considered by the Bureau for supervisory or administrative training on a long range advancement basis.

Rating: SATISFACTORY

INSPECTOR WILLIAMS: This personnel write-up is being submitted in view of the good impression Mr. Wackenhut made during the inspection of the Indianapolis Office and the manner in which he handles his assignments.

He makes a very good appearance. He is of medium height, but very sturdy build. He is clean-cut, enthusiastic, and ambitious. He expresses himself well and appears to be mature and emotionally stable.

He is handling general investigations and in the recent past has been given a majority of the complicated Interstate Transportation of Stolen Property cases with reference to bad checks. A review of his work reflected he has done an outstanding job in this field.

# PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD - 185)

Name of Employee GEORGE R. WACKENHUT Title SPECIAL AGENT  
 Rating Period: from 4/1/53 to 3/31/54

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).  
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).  
- Unsatisfactory.  
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

## NARRATIVE COMMENTS

GEORGE R. WACKENHUT:

Agent Wackenhut presents a very good appearance, has a friendly personality, is intelligent, conscientious and thorough. He is assigned to the criminal squad in headquarters city, devoting most of his time to Interstate Transportation of Stolen Property cases involving fraudulent checks. He has handled the most complicated types of check cases in a highly skillful manner with a minimum of supervision for an agent of his experience.

He readily understands the objectives of his cases and is particularly adept in obtaining signed confessions from subjects. His reports are well prepared, thorough and contain necessary details. He handles contacts with law enforcement officers in a capable manner.

He has qualified two criminal informants and has developed several potential criminal informants. He was commended by the Director July 3, 1953 for the excellent manner in which he handled several involved Interstate Transportation of Stolen Property cases. He has obtained a large number of convictions in Federal Court in bad check cases and has been primarily responsible for breaking up several notorious rings of bad check artists. He recently was responsible for the arrest of eight subjects in an ITSP ring resulting in six convictions in Federal Court and two in State Court.

He is well qualified to lead and participate in dangerous assignments. He is a defensive tactics instructor and has displayed skill in furnishing instruction before training schools. He is rated excellent in his dictation by the stenographers.

He is in excellent physical condition and in my opinion is one of the most capable of the younger agents of this office. He has had no opportunity to serve in a supervisory capacity. He handles the administrative details of his own assignments in a capable manner and I feel he possesses excellent possibilities of advancement along administrative lines. He is interested in improving himself in the service of the Bureau and his prospects for advancement are bright.

This employee entered on duty as a Special Agent in Grade GS-10 on 2-12-51. He is being considered for reallocation to Grade GS-11.

On 6-10-51 he was rated SATISFACTORY. On 6-30-51 SAC Bills rated him SATISFACTORY and stated he had experienced some difficulty in the preparation of reports. He should exhaust all logical sources for answers before questioning supervisors or other agents. He definitely needed to improve his over-all knowledge of Bureau functions and procedures, and the SAC believed he was making a very satisfactory effort in this connection. His voluntary overtime was somewhat below the office average.

By letter dated 8-25-51 he was CENSURED inasmuch as during the inspection of the Birmingham Office it was observed that he submitted a report in the case of [redacted] was, Fugitive, Interstate Transportation of Stolen Property, in which he set out leads for an auxiliary office which had no previous information regarding this case, and he failed to reflect in his report the fact that the subject was reportedly armed and should be considered dangerous.

On 3-14-52 he was rated SATISFACTORY. On 3-31-52 SAC King rated him SATISFACTORY and said he was performing his assignments in an entirely satisfactory manner. He was rated very good in dictation.

His daily average overtime for March, 1952 was 2 hours 42 minutes while in the Atlanta Office. On 3-17-52 he was transferred to the Indianapolis Office. His overtime while in Indianapolis Office was 56 minutes. With respect to his overtime of 56 minutes, his SAC advised he arrived in Indianapolis this month and spent quite a long time in searching for a place to live, and after locating same, spent some time moving and settling his family.

His daily average overtime for August, 1952 was 3 hours 8 minutes, with no travel overtime.

By letter dated 8-11-52 he was COMMENDED for his splendid participation relative to the investigation and apprehension of Fugitives [redacted] subjects of DeBerter cases.

Memorandum dated 9-23-52 reflected he was qualified as an instructor in Defensive Tactics.

By letter dated 2-25-53 he was CENSURED because during the inspection of the Indianapolis Office in January, 1953, it was noted that copies of five drafts which had been stolen at Grand Rapids, on or about 7-15-52, in connection with the Interstate Transportation of Stolen Property case involving an unknown with alias [redacted] and other aliases, were made available to him on 8-4-52. The copies of these drafts had not been submitted to the FBI Laboratory at the time of the inspection and he failed to submit an investigative report in this matter until 1-29-53.

On 3-31-53 SAC King rated him SATISFACTORY and said he spent the vast majority of his time handling check cases and had been particularly successful in this regard. He had demonstrated an aptitude for this type of investigation and was extremely interested and conscientious regarding the investigation of these more difficult type cases. He had progressed very rapidly. He was particularly accurate with regard to details as set forth in his investigative reports.

His daily average overtime for April, 1953, was 1 hour 50 minutes. He had no travel overtime.

By memorandum dated 5-21-53 he was considered for reallocation to Grade GS-11, but was passed over for reconsideration at a later date, in view of administrative action taken against him in August, 1952, and February, 1953.

By letter dated 7-3-53 he was COMMENDED for his admirable work in the Interstate Transportation of Stolen Property investigation involving James Edward Mescall and also in several other cases in this category.

On 7-17-53 SAC Blaylock rated him SATISFACTORY. Upon receipt of this report, no action with respect to his reallocation was taken, in view of the unavailability of funds.

On 11-4-53 his SAC advised that he had inquired about the possibility of being considered for reallocation. His work was definitely above average and superior to most other agents in the same grade. The SAC recommended consideration of his reallocation. However, he was passed over at this time, since a review of his file reflected that his record was not sufficiently outstanding so as to warrant accelerated consideration.

During an inspection of the Indianapolis Office in November, 1953, Inspector Williams stated that this personnel write-up was being submitted in view of the good impression this agent made during the inspection and the manner in

which he handled his assignments. He was handling general investigations and in the recent past had been given a majority of the complicated Interstate Transportation of Stolen Property cases with reference to bad checks. He had done an outstanding job in this field. His SAC recommended that he be considered for supervisory or administrative training on a long range basis.

On 3-31-54 SAC Blaylock rated him SATISFACTORY and said he was intelligent, conscientious and thorough. He had handled the most complicated types of check cases in a highly skillful manner with a minimum of supervision. He readily understood the objectives of his cases and was particularly adept in obtaining signed confessions from subjects. His reports were well prepared, thorough and contained necessary details. He had qualified two criminal informants and had developed several potential informants. He had obtained a large number of convictions in Federal Court in bad check cases and had been primarily responsible for breaking up several notorious rings of bad check artists. He was recently responsible for the arrest of 8 subjects in an Interstate Transportation of Stolen Property resulting in 6 convictions in Federal Court and 2 in State Court. He was well qualified to lead and participate in dangerous assignments. In his SAC's opinion he was one of the most capable of the younger agents of the office. He was interested in improving himself, and it was felt he possessed excellent possibilities for advancement along administrative lines. b6  
b7C

By memorandum dated 4-7-54 his SAC recommended his reallocation to GS-11. As evidence of his excellent work, his SAC pointed out his report dated 4-1-54, in the case captioned [redacted] was, et al, Interstate Transportation of Stolen Property", setting forth prosecutive results of 7 subjects in a bad check ring. Two subjects received 6 years each in Federal Court; 2 received 3 years each in Federal Court; 1 was now awaiting sentence in Federal Court; 1 was released to the Terre Haute Police Department for local prosecution since he had not passed checks interstate, and 1 was released to the South Bend Police since none of his checks went interstate, and he was now serving a sentence in the Indiana State Penitentiary.

RECOMMENDATION: The administrative action taken against him on 8-25-51 and 2-25-53 has been noted. However, he has already been passed over for reallocation on one occasion because of this administrative action. He received letters of commendation on 8-11-52 and 7-3-53. In view of his SAC's comments on 11-4-53, 3-31-54, 4-7-54, and the Inspector's comments during the inspection in November, 1953, all indicating that his services are now definitely above average, and since he has been in Grade GS-10 since 2-12-51, it is recommended that he be reallocated to Grade GS-11, \$6140 per annum, at this time.

Dear Mr. Wackenhut:

Receipt is acknowledged of your letter of April 27, 1954, submitting your resignation as a Special Agent Employee in the Federal Bureau of Investigation, and you are advised that same is being accepted effective at the close of business May 21, 1954, active duty to cease at the same time. The computation of accrued annual leave payable to you will be furnished at a later date on the personnel action form reflecting your resignation and the amount of such payment due.

There is enclosed an Application for Refund of Retirement Deductions which should be executed by you, in duplicate, and returned to this Bureau for appropriate action in the event you desire to withdraw your retirement deductions at this time. It should be noted your application cannot be processed until your final payment is scheduled by this Bureau, which is approximately three weeks after your resignation becomes effective. It has been our experience that it takes an additional four weeks for an account to clear both the United States Civil Service Commission and the Department of the Treasury. For your information, deductions will not be taken from your salary for retirement purposes subsequent to the effective date of your resignation.

It is requested that you keep this Bureau promptly advised of your forwarding address and any changes therein until such time as all salary matters have been settled. This will eliminate considerable delay in transmitting checks to you.

Dear Mr. Hoover:

I herewith tender my resignation as a Special Agent of the FBI, to become effective at the close of business on May 21, 1954.

The aforementioned resignation is offered with the greatest reluctance, as my experience with the Bureau has been most enjoyable, gratifying and educational. However, a position of exceptional possibilities in private industry has been offered to me, an opportunity too valuable to overlook, and I feel that I owe my family the benefits that are certain to accrue from such an opportunity.

I shall ever cherish with pride my associations with the agents and officials of the Bureau, an organization worthy of the public respect and esteem it enjoys.

I shall always be at the Bureau's disposal to serve this organization to the best of my ability in any capacity to which I am suited, both as a citizen and former employee, and will so serve at any time with enthusiasm.

Very truly yours,

NARRATIVE COMMENTS

JUL 8 1954

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing setting forth (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

# PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD - 185)

Name of Employee GEORGE R. WACKENHUTTitle SPECIAL AGENTRating Period: from 4/1/54 to 5/21/54

## RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).  
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).  
= Unsatisfactory.  
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

#### NARRATIVE COMMENTS

GEORGE R. WACKENHUT:

This is a special performance rating submitted at the termination of employment of Special Agent Wackenhut, who resigned to enter private industry in the State of Florida.

He was assigned to the Criminal Squad, specializing in fraudulent check cases. He presents a very good appearance, uses sufficient force and aggressiveness and has been most successful in his handling of involved and complicated Interstate Transportation of Stolen Property cases. He was personally responsible for a large number of convictions in this type of violation.

His investigations were properly conducted and his reports were well organized and contained necessary detail. He required a minimum of supervision for an agent of his experience. He was one of the better young agents in this office.

~~Personal and Confidential~~

John Edgar Hoover, Director  
 Federal Bureau of Investigation  
 Washington, D.C.

Dear Mr. Hoover:

Special Agents Frank F. Meech and H. Wayne Swinney of the Miami Division contacted me on July 26, 1954. They brought to my attention information of a most disturbing nature. I learned that I, as a former Special Agent had, during a moment of aberration, created a situation of embarrassment to the Bureau.

During my tenure as a Special Agent assigned to the Indianapolis F.B.I. Office, I developed one [redacted] as a criminal informant. My associations with [redacted] were productive, and in one instance was furnished information by him sufficiently accurate and timely to result in the extirpation of a tri-state fraudulent check passing ring of considerable magnitude. Prosecutive action in connection with this case resulted in five Federal convictions aggregating 22 years imprisonment and two State convictions of indeterminate sentences aggregating from between 3 to 24 years imprisonment for the defendants.

During such association with this informant, compliance with all Bureau regulations was maintained and this was made a matter of record by memoranda to the Special Agent in Charge, Indianapolis file [redacted]. In connection therewith [redacted] was advised that any illicit activity on his part would not be condoned by the Bureau and that prosecution certainly would follow the violation of any Federal Law. [redacted] was further advised that should his activities result in entanglement with local law enforcement officers, he could not look to the Bureau for any support whatsoever.

On or about May 13, 1954, 8 days prior to my termination date, I contacted [redacted] for the last time. On the occasion of this contact I advised [redacted] that I was leaving the Bureau May 21, 1954, and that matters concerning him were being reassigned to another agent. The Indianapolis file regarding [redacted] reflects this information.

ALL  
 REASSIGNED

Earlier this month, I received a letter dated July 6, 1954, from [redacted] Attorney at Law, 525 Stahlman Bldg., Nashville, Tennessee. This letter was addressed to me, in care of the Indianapolis F.B.I. office, and was forwarded to my Miami, Florida address. The contents of this letter reflected that [redacted] had been arrested sometime prior to [redacted] in Nashville, charged with [redacted]

[redacted] maintained he was in the service of the Bureau in connection with the activities which lead to his arrest and [redacted] requested whether such was the case.

I answered the attorney's letter truthfully, if not wisely, and advised that I was no longer affiliated with the Bureau, but had supervised [redacted] as a criminal informant for the Indianapolis Division from November, 1952 until the date of my termination therewith. I enclosed a copy of my letter to [redacted] as well as his original to the Indianapolis Office for their information and appropriate action.

b6  
b7C  
b7D

I learned from Agents Meech and Swinney that Attorney [redacted] is using my reply as a basis for [redacted] defense and is attempting to imply that inasmuch as [redacted] was working for me in my official capacity as a Special Agent of the F.B.I. prior to May 21, 1954, he was so engaged with the Bureau at the time of his arrest. This interpretation has no basis from the wording of my letter to [redacted] nor could such an implication be made. I learned further that this incident has resulted in considerable unfavorable newspaper publicity in the Nashville area.

My reply [redacted] was innocently enough set forth with no ulterior motive whatsoever. However, it is obvious to me at this time that I had merely to refer [redacted] letter to Indianapolis for reply. It is further obvious that I afforded this matter insufficient thought before answering. I can only say that the letter in question arrived at a time when I was deeply engrossed in the problems incident to a new position and I did not give the letter the attention it rightly deserved.

Mr. Hoover, my record with the F.B.I. was a good one and, as pointed out in my letter of resignation, I left the Bureau with the greatest reluctance and only after consideration to the fact that I was offered an employment opportunity too attractive to refuse. These facts are set forth to support my statement that I am deeply regretful over any embarrassment to your organization emanating from lack of foresight on my part.

Let me assure you that such an incident will not recur, that all matters of an official nature will be referred directly to the Seat of Government, or appropriate Bureau Office for reply, and that any statements I am called upon to render will be given subject to Bureau clearance.

Please be advised that I am most anxious to serve the Bureau in any capacity whatever and whenever called upon to do so.

Sincerely,

*George R. Wackenhut*

There is forwarded herewith a business announcement being distributed by the above-named firm. This is a new partnership composed of four former Agents of the Bureau, namely A. KENNETH ALTSCHUL, EDWARD L. DUBOIS, JR., WILLIAM STANTON and GEORGE R. WACKENHUT. (BRIEFS ATTACHED)

It is understood that former SA DUBOIS is the driving force behind this partnership, and in view of the name that has been adopted, it seems entirely possible that persons contacted by them may be easily misled that these individuals still have a connection with the FBI. I intend to follow this matter closely and will advise the Bureau of any instances reported which would indicate that these former employees are endeavoring to imply a present relationship with the Bureau.

shed to the Bureau for its consideration in the event former Special Agent George R. Wackenhut, now of Miami, Florida, should ever apply for reinstatement with the Bureau.

Recently, I learned of a rumor from a man who refused to identify himself, who inquired about Wackenhut, to the effect that Wackenhut's wife had been going with other men before their departure from Indianapolis to Miami, where he has accepted a position in private business. Mrs. Wackenhut was a professional model and was employed at local exhibitions such as the annual automobile show, state fair, local department stores, and other public events where models are usually needed. She was in the habit of returning home at a very late hour, and Wackenhut was aware that in some instances she was brought home by men unknown to him, which he considered to be connected with her employment. About the time of his resignation, or termination of duty, she came home in an intoxicated condition, improperly attired, and in company with a man she refused to identify. Wackenhut had a violent quarrel with her, and allegedly whipped her and forced her to divulge the identity of the man who had brought her home. Wackenhut then located the man the following day, and, according to rumors, gave him a whipping. It is to be noted Wackenhut has a strong physique, is quite athletic, and was a defensive tactics instructor.

On one other occasion, exact time unknown, Wackenhut's wife became involved in a violent quarrel with a laundry truck operator in Indianapolis, who refused to abide by her instructions in the delivery of their laundry, resulting in a neighborhood scene in which the police allegedly were called.

There is some indication that the man Wackenhut allegedly whipped concerning his wife is employed by the Fred Williams Motor Company Inc., North Meridian Street, Indianapolis, [redacted] and is possibly identical with [redacted] Bureau clerk in Washington. (Ident. employee who resigned [redacted])

No attempt is being made to verify any of these rumors, since Wackenhut left the Bureau in May of 1954, now lives in Miami, Florida. Wackenhut had a good record as an agent and investigator, however, in view of the information concerning his wife, it is recommended that he not be given consideration for reinstatement if he should apply in the future.

Dear Mr. Few:

Receipt is acknowledged of your inquiry dated January 11, 1955, regarding Mr. George Wackenhut.

In reply, you are advised Mr. George R. Wackenhut, to whom it is believed you refer, resigned from the Federal Bureau of Investigation on May 21, 1954, and his present address is not known. However, the records of this Bureau indicate that in August, 1954, Mr. Wackenhut's residence address was 1683 Southwest Ninth Street, Miami, Florida.

Sincerely yours,

Although Mr. Wackenhut's services were satisfactory and he was recommended for John Edgar Hoover reinstatement at the time he Director resigned, the SAC, Salt Lake City, advised of rumors which had come to his attention which reflected derogatorily upon former SA Wackenhut and his wife, the details of which are set forth in the SAC's memo of 10/1/54. No attempt was made to verify these rumors, however, it was recommended by the SAC that Wackenhut not be given consideration for reinstatement should he apply for such in the future in view of the information concerning his wife.

Dear Sir:

I am attempting to locate a former agent of the F.B.I. whose name is George Wachenhut.

It is my understanding that this agent worked with the F.B.I. office in Indianapolis, Indiana at sometime. I further understand that he is no longer employed by you and has now moved his residence to Florida. However, I do not know his address in that state.

I desire to contact this man in the interest of one of my clients and I will greatly appreciate any information you can give me as to this man's present address.

Dear Neil:

Thank you for your telegram of March 18, 1955, in which you inquired as to the background of Mr. George R. Wackenhut and Mr. A. Kenneth Altschul.

Mr. George Russell Wackenhut was employed as a Special Agent of the FBI from February 12, 1951, until his voluntary resignation on May 21, 1954. Mr. Adolph Kenneth Altschul entered on duty as a Special Agent of this Bureau on June 5, 1950, and voluntarily resigned on August 29, 1952. Their services while employed were satisfactory.

You will, of course, realize that it is not possible for me to comment regarding their activities since they resigned from this Bureau, and I cannot, as a matter of policy, endorse any private investigating agency.

Sincerely,

Edgar

## FBI Alumni Open Office

Forty-five former FBI agents located in various parts of the country have completed the organization of a nationwide fact-finding and reporting service. Fidelifax, Inc., the new company announced today that it has opened 30 offices in principal cities, each headed by a former G-man.

Former Agent George R. Wackenhut has been named to head the Miami office of Fidelifax at 811 Ainsley Bldg. The Miami office covers all Florida and has representatives in every major city in this area.

"All we had to do was think of the name," said Wackenhut. He explained, "FBI alumni in business for themselves as attorneys, certified public accountants, and private investigators have cooperated informally for years in handling research assignments for clients. The increasing volume of pre-employment and similar investigations handled for our clients on this basis led us to the formation of Fidelifax."

Wackenhut said that experience of these men is that an average of 17 per cent of all applicants tentatively accepted for employment are found, upon investigation, to be unacceptable for the positions involved. He said that Fidelifax will also offer retail protection services.

Fidelifax is a Delaware corporation with national headquarters at 205 West Monroe Street, Chicago. Each Fidelifax office operates under a franchise from the national organization.

Fidelifax officers are A. H. Johnson, Chicago, president; John Pryor, New York City, vice president, and John S. Kavanaugh, Chicago, secretary-treasurer.

On 8-20-54, the SAC at Miami advised that Special Agent Investigators was a new partnership composed of former Special Agents A. Kenneth ~~Altschul~~, Edward L. ~~Dubois, Jr.~~, William ~~Stanton~~, and George R. ~~Wackenhut~~. f/a  
On 12-30-55 the SAC at Miami advised that Dubois had severed his connections with Special Agent Investigators. Dubois was a Special Agent from 2-6-39 until his resignation was requested because of insubordination 2-2-54. Stanton was a Special Agent from 1-22-51 until he voluntarily resigned 6-29-54. SPECIAL AGENT INVESTIGATORS, INC.  
MISCELLANEOUS - INFORMATION CONCERNING  
(SECURITY MATTER)

ReBulet 1/18/57.

There is enclosed an article which appeared in the January 17, 1957, issue of "Labor Citizen", which is published at Miami, Florida. It is described as the official organ of the "Central Labor Union, Building Trades Council, Florida Federation of Labor, and American Federation of Labor - Congress of Industrial Organizations."

It will be noted that enclosed newspaper article deals with the same general subject matter as the Bureau's letter of reference.

On January 18, 1957, ROBERT LEE ARKO contacted ASAC F. A. FROMBOSE, JR. at the Miami Office and made reference to the above-mentioned newspaper article. ARKO was employed as a Bureau Clerk at the Seat of Government from June, 1953, to November, 1954. He previously contacted the Miami Office on July 2, 1956, at which time he stated he was employed by Special Agent Investigators, Inc., 811 Ainsley Building, Miami, Florida, and indicated he was interested in obtaining reinstatement as a clerical employee at the Miami Office.

ARKO advised ASAC FROMBOSE that he was fearful that the above referred-to newspaper article might interfere with the possibility of his being reinstated. ARKO advised that he is now engaged in doing investigative work for former Special Agent GEORGE R. WACKENHUT who is President of Special Agent Investigators, Inc. It will be noted that two affidavits are quoted in the enclosed newspaper article, but the names of the

individuals who executed the affidavits have been omitted. However, the affidavits identified one of them as the Director of Security, Special Agent Investigators, Inc., and *one* as a Secretary of the latter organization. ARKO advised that the first affidavit was executed by [redacted] and the second was executed by [redacted] ARKO stated that GEORGE R. WACKENHUT found out that [redacted]

[redacted] whereupon he discharged them. Thereafter, they executed the two affidavits exposing the activities of undercover labor spies utilized by WACKENHUT's organization. It will be noted that in the affidavit executed by [redacted] she makes reference to a clerical employee whom she describes as having a weakness for pretty girls, drinking, dancing, etc., and who was employed by the FBI as a fingerprint clerk. ARKO stated this was obviously a reference to himself, and while not true, it was made by [redacted] because he had repulsed her advances. ARKO said he understood there was to be a follow-up article along the same lines.

Special Agent Investigators, Inc., was formed in August, 1954, by former Special Agents A. KENNETH ALTSCHUL, EDWARD L. DUBOIS, JR., WILLIAM STANTON and GEORGE R. WACKENHUT. Within a few months, DUBOIS left the organization because of the activities and policies of WACKENHUT. Shortly thereafter ALTSCHUL also left, and about six months ago STANTON quit. At the present time the only former Agent connected with Special Agent Investigators, Inc., insofar as we know, is WACKENHUT. [redacted]

[redacted] are unknown to the Miami Office, and we are reasonably certain they are not former Bureau Agents. Special Agent Security Guards, Inc., is headed by WACKENHUT and their principal contact is believed to be with National Airlines at Miami, Florida. No former Bureau Agents are connected with that concern as far as we know.

International Research and Investigation Association and Fidelifax of Florida, Inc., occupy the same office space as the other two organizations which are in the Ainsley Building, Miami, Florida.

Former Bureau Agent EUGENE CHARTERS came to Miami about three months ago, took up office space with WACKENHUT and is head of International Research and Investigation, Association. The head of Fidelifax of Florida, Inc., is LOU

MM 62-3869

WHITWORTH who is said to have been an FBI Agent at one time but who recently resigned from ONI to take over his present job.

Fidelifax of Florida, Inc., operates primarily in the following manner: it makes applicant-type investigations for Miami concerns, such as Burdines Department Store, for which it charges \$35.00 plus an additional charge of \$10.00 for each city where investigation may be required. AL JOHNSON, President of Fidelifax, Inc., at Chicago, Illinois, gets 15 percent of the \$35.00 fee for a check of the central indices maintained by him.

Relative to the labor spying activities of WACKENHUT's organization, it should be mentioned that he has been very active in this field throughout the State of Florida and has accumulated quite a few accounts. He received a fee of \$2,000.00 a month from Maule Industries, which is one of the organizations exposed in the newspaper article. HAROLD KWART, formerly a clerk in the Miami Office, advised that he had some time ago been contacted by WACKENHUT and offered employment by him, which he declined. KWART recently advised that he had heard that WACKENHUT had lost most of his accounts since the recent unfavorable publicity. KWART mentioned specifically that he had lost an account which he had with Sears, Roebuck in Miami, Florida. KWART stated that when WACKENHUT's labor spying activities were publicized, Sears, Roebuck officials became very much upset for fear that it might come to light that they had employed WACKENHUT to perform similar duties. He said that the head of the Miami Sears, Roebuck organization had been called to Chicago, Illinois, to explain his actions in hiring WACKENHUT. Former Bureau Agents well acquainted with WACKENHUT have described him as a supersalesman-type of individual with very little common sense. It has been said that he proceeds on the basis of accumulating a large volume of business at very low rates.

Special Agent Investigators, Inc., is not to be confused with Investigators, Inc. The latter concern is owned and operated by the law firm of DUBOIS, FOX, FOARD and POORMAN, all of whom are former Special Agents. Former SA WALLACE B. FOARD has advised that Investigators, Inc., is not engaged in any labor or industrial relations work. He stated that their work is primarily for other law firms in the Miami area, and their minimum fee for investigative work is \$75.00 a day.

Special Agent Investigators, Incorporated, was

William Stanton, and George R. Wackenhut. Altachul, Stanton

# Vice Probers' Report Stifled

## Renshaw Hits Beach Findings

By PAT MURPHY  
 and PHIL FORTMAN  
 Herald Staff Writers

The sizzling, bulky report on Miami Beach police operations was clamped under heavy secrecy Monday and ordered withheld from public release by City Manager Claude A. Renshaw.

After reading parts of the 300-page report behind closed doors with its two ex-FBI agent authors, Renshaw said:

"It's got a good many gross injustices, a lot of things that can't be certified. In time, some of it may be revealed to the public, but certainly not all of it."

He said flatly that it would not be available to city councilmen Wednesday when they meet to act on the scheduled reappointment of Police Chief Ramon J. Shepard.

The decision immediately raised the question of what Renshaw will do about Shepard's reappointment which the city charter requires must be

made 15 days after a general election.

The city manager must reappoint the chief or name a new one by Wednesday, although the council apparently does not have to act immediately on Renshaw's reappointment.

Two of the city's seven councilmen, Melvin J. Richard and Harold B. Spaet, said they already have decided to vote against Shepard's continued employment as chief.

Richard said, "I will go out of my way to ask the grand jury" to subpoena the report and investigate any possible criminal wrongdoing in the department.

Chief Shepard could not be reached for comment.

Mayor Kenneth Oka and Councilman Marcie Liberman were unavailable, but Councilmen D. Lee Powell, Bernard Frank and Harold Shapiro said they are withholding comment until they read the report.

In varying degrees, councilmen sided with Renshaw in his decision to withhold the report from public disclosure to allow time to study it.

Renshaw got his first glimpse of the report Monday during a three hour and 40 minute closed-door meeting with George R. Wackenhut and Eugene J. Charters, former FBI agents hired by the council in February to probe police affairs.

Their 3½-month assignment, during which six investigators worked on the probe, was to determine if laxity, collusion with hoodlums and inefficiency existed in operations.

Charters, investigator for a 1951-52 Philadelphia grand jury which exposed police ties with hoodlums, and Wackenhut were untalkative after the meeting with Renshaw.

But Wackenhut said they were not worried about losing litigation that might arise over possible charges contained in the report. They indicated their evidence could be substantiated.

There have been indications that the investigators had been digging into records of real estate deals by policemen.

Councilmen planned originally to hold public hearings, using investigators' findings to question persons summoned to testify.

Rebulet 1/18/57 and Miami letter 1/23/57.

It has been previously brought to the attention of the Bureau that for approximately the past four months former Bureau Agents GEORGE B. WACKENHUT and EUGENE CHARTERS have been conducting an investigation of the Miami Beach Police Department, having been employed by the Miami Beach City Council at a fee of \$2,500.00. There has been a great deal of speculation in the press as to what their report contains. It was supposed to have been delivered to City Manager CLAUDE RENSHAW on June 18, 1957, and on that date RENSHAW announced that he had been permitted to read part of the 300 page report behind closed doors with the two former Agents. At that time RENSHAW commented, "It's got a good many gross injustices, a lot of things that can't be certified. In time some of it may be revealed to the public, but certainly not all of it."

Thereafter, the Miami Beach City Council demanded that the report be delivered to it in full and for publication. WACKENHUT appeared before the Miami Beach City Council and refused to produce the report until the City Council agreed to reimburse WACKENHUT and/or CHARTERS for any civil judgments that might be obtained against them as a result of information contained in the report. The report was finally delivered to the Miami Beach City Council and there is a dispute going on within the Council as to whether the report should be made public.

On June 21, 1957, [redacted] Joe's Stone Crab Restaurant, Miami Beach, telephoned the Miami Office and in my absence spoke with SA CHARLES A. HARDISON. [redacted] related that [redacted] SAM GYSON, news commentator for radio station WAHR, Miami Beach, who broadcasts a late night program beginning at 11:30 P. M. daily. He said that GYSON, in his broadcast of June 20, 1957,

spoke at length concerning the dispute that is now going on concerning the above-mentioned report on the Miami Beach Police Department. He said that GYSON, while complimentary of the FBI, was critical of former Agents WACKENHUT and CHARTERS. GYSON commented that he could not understand why these men persisted in capitalizing on their former connection with the FBI. GYSON stated in his broadcast that the very name of their concern, Special Agent Investigators, Incorporated, implied some connection with the FBI. According to [redacted] GYSON went on to say that while many men had resigned from the FBI voluntarily and had become leaders in their communities, there were others who had been discharged for reasons known only to the FBI.

[redacted] stated that while GYSON did not specifically so state, he inferred that WACKENHUT and CHARTERS came within the latter category. [redacted] related that during his broadcast GYSON stated that he understood that most of the information contained in the report was obtained from five disgruntled or former Miami Beach police officers. [redacted] stated that included among these five were Detective JACK RASKIN and Detective Sergeant [redacted]

Following a pre-employment investigation, Mr. Wackenhut entered on duty in the Federal Bureau of Investigation on February 12, 1951, as a Special Agent, Grade GS 10, \$5000 per annum. After a period of training, he performed investigative duties. He submitted his voluntary resignation effective at the close of business May 21, 1954, to enter private industry. In view of recent information regarding the activities of Special Agent Investigators and the advertisements in the Miami telephone directory indicating that these former Special Agents are attempting to capitalize on the name of the Bureau, the Bureau advised the Miami Office that they should avoid any dealings with them whenever possible and any necessary contacts should be most circumspect. Wackenhut was included among this number of former Agents.

We have received information previously concerning this organization which is comprised of a number of former Special Agents of the Bureau who are using the Bureau as a means of selling themselves. This organization was formed in August, 1954, by former Special Agents A. Bennett Altschul, Edward L. DuBois, Jr., William Stanton and George R. Wackenhut. This organization also has an office in Miami, Florida, the field has been instructed to avoid any dealings with the people connected with this outfit whenever possible and to make any necessary contacts most circumspect in view of their activities and the fact that they are attempting to capitalize on the name of the Bureau.

Since the individual who sent this form letter in to us sent no communication of her own, it is not felt that a reply is called for.

Today former Special Agents John Ammarell and George Wackenhut dropped by to see me. They are Executive Vice President and President, respectively, of the Security Services Corporation, 811 Ainsley Building, 14 Northeast First Avenue, Miami 32, Florida. They explained this is an organization which is rapidly expanding in the field of providing specialized guard service for industrial concerns. For example, they presently provide guard service at the Martin Missile Plant at Orlando, Florida, as well as the guard force at Egglund Air Force Base. They said that their organization is expanding very rapidly because they specialize in providing a highly-trained, well-uniformed guard service on a contractual basis. Their guards are closely supervised, smartly attired, and given training in their duties, including firearms and defensive tactics.

These men were not asking for anything but merely dropped by to let us know what they are doing and, of course, their desire to cooperate with the Bureau.

Dear Mr. Wackenhut:

I appreciate your letter of November 20, 1959, and your kind comments concerning the movie, "The FBI Story." I personally feel that Mervyn LeRoy, the director, Jimmy Stewart and other members of the cast did an excellent job.

It is encouraging to know of your continuing loyalty and your support of this Bureau against such scurrilous and unwarranted attacks as have been directed toward the FBI recently. You may be sure that I will keep your kind offer in mind.

Sincerely yours,

The Miami Office was advised that they should avoid any dealings with the organization whenever possible and should be most circumspect. On August 17, 1959, Former SA John Ammarell and Wackenhut stopped in to pay their respects to Mr. Belmont. Dear Mr. Hoover:

I have just seen "The F. B. I. Story". I feel that this movie is an outstanding tribute to you personally, and you can be sure that I viewed this picture with a feeling of nostalgia.

This experience brought to mind another situation which came to my attention during the course of a luncheon with Mr. D. M. Ladd a few months ago. Our conversation turned to the attack upon you and the Federal Bureau of Investigation by the "New York Post". Naturally, as a former Special Agent of the Federal Bureau of Investigation, I deplore an attack of this kind, and feel that action on the part of a publication of this type is reprehensible.

I want you to know of my continued loyalty to you and the Bureau, and to take this opportunity to offer my support and services in any way possible. You may be assured that I shall report any information that comes to my attention in connection with the New York Post's drive or any similar efforts to discredit and degrade you or the Bureau.

Very truly yours,

George R. Wackenhut

adh (5) 67-400115

Wackenhut's services were satisfactory and he was recommended for reinstatement. Subsequent to his separation, he furnished information to an attorney regarding an informant which he had developed, which disclosure caused embarrassment to the Bureau. (In 10/54 information was received that he was having marital difficulties because of the alleged infidelity of his wife.) He later helped form a company known as Special Agent Investigators and on 1-18-57 the Miami Office was advised to avoid contact with the company because of misleading ads in newspapers and the telephone directory. At this time, Wackenhut was the Director of the Miami Office of Fidelifax, Inc., an organization which provides services such as guards to industrial plants. All offices were instructed to be circumspect in dealing with Fidelifax because of its tendency to capitalize on the former affiliation of many of its employees with the Bureau. In 1959, Wackenhut was President of Security Services Corporation, apparently an outgrowth of Special Agent Investigators. In 10/61 he advised he was President of the Wackenhut Corporation, a security and investigative organization, which appears to be an outgrowth of the previous companies with which he was associated. His letter was very cordial and he requested any advice the Director might feel would assist the organization. An in-absence letter was sent because Wackenhut had capitalized on the Bureau's name in the past and would probably do so in the future and because it was felt the Director would not want to give any indication that he approved of his activities.

Request received in Personnel Services Unit on 1-3-62.

Captioned individual wrote 11-13-62 and commented favorably on "A Study of Communism" and extended his congratulations to the Director. He enclosed a copy of "The Wackenhut Security Review" relating to the purges of Joseph Stalin which contains a quotation from "A Study of Communism." He also enclosed a copy of "The Pipeline," his company's employee's publication which includes a very favorable review of the Director's book. It also includes a sketch of Samuel Kerr McKee who is Director of the company's Investigative Division. Other comments in "The Pipeline" refer to past association of various employees with the FBI.

THE WACKENHUT CORPORATION--BACKGROUND

All offices were instructed by SAC Letter 62-24 (B) dated 4-24-62 to refrain from any contact with this organization and to extend absolutely no cooperation. By Mr. Jones to Mr. DeLoach memorandum of 4-16-62 it was recommended and approved that all former FBI employees currently known to be associated with the Wackenhut Corporation be removed from Bureau mailing list. Wackenhut was a Special Agent from 2-12-51 till he voluntarily resigned 5-21-54. Although his services were satisfactory, information has been reported to the Bureau by our Miami Office indicating that Wackenhut and his wife are allegedly responsible for immoral conduct, each reportedly having had affairs. Files reflect Wackenhut has continually attempted to obtain favors, information and the services of our Miami Office but without success.

In April, 1962, it was determined that a Wackenhut representative had written one of our National Academy graduates and attempted to hire him to conduct investigations during off-duty hours. SAC Albany was instructed to contact Harry E. Manicas, Area Manager for Wackenhut, Buffalo, New York, and inform him that the Bureau does not appreciate the use of the National Academy Directory of Graduates as a means of obtaining cooperation of law enforcement. As a result of this contact, Wackenhut wrote the Director 5-29-62 and stated that his offices had been instructed not

Name Check Section, General Investigative Division, has received requests for service records of former captioned employees made by the Civil Service Commission conducting a security clearance type investigation for the Atomic Energy Commission concerning access to restricted data and restricted areas. Copy of personnel security questionnaires dated 8-12-64 show that Wackenhut is President of Wackenhut Services Inc., and that Keay since February, 1962, has been an executive in that firm as Assistant to the President.

Wackenhut was a Special Agent from 2-12-51 until voluntarily resigned 5-21-54. His work record had been satisfactory. After resigning SAC, Indianapolis advised Bureau 10-1-54 that a man who refused to identify himself alleged that the wife of Wackenhut, a professional model, was keeping late hours, came home with other men, and on one occasion while intoxicated and improperly attired and in the company of a man she refused to identify resulted in her escort being attacked physically by Wackenhut. SAC, Miami reported 2-23-63 that information received indicated Mrs. Wackenhut caught her husband having an affair with another woman in Miami and that she allegedly physically attacked the other woman. Employees of the Wackenhut Corporation in the past traded on their association with the Bureau. All offices were instructed by SAC Letter 62-24 (B) of 4-24-62 to refrain from any contact with this organization, to extend absolutely no co-operation and that all former FBI employees known to be associated with the Corporation be removed from the Bureau mailing list.

REC-147

67-400115-68

Keay served in the Bureau from 6-25-34 until he retired as Inspector 8-31-56. His services were satisfactory. In July, 1963, information was received that Keay was dismissed from the Wackenhut Corporation because he failed to produce new business. The current inquiry indicates Keay is still affiliated with this Corporation.

Attached for approval is a service record summary concerning Wackenhut containing dates of employment, position, salary and it makes no reference to the quality.

It likewise makes no comment concerning the quality of Keay's services, character or integrity because of the current inquiry indicating continued affiliation with the Wackenhut Corporation. Keay's over-all record in the Bureau had been satisfactory although it was noted he was demoted from GS-16 to GS-15 8-28-55 due to assignment to other duties and no reference to the demotion is being made in the attached service record summary since it is not pertinent to this security clearance-type of inquiry.

On 9/11/64, SA [ ] of Liaison furnished [ ] of Civil Service Commission (CSC) service record summary memoranda concerning former Bureau Agent Wackenhut and former Bureau Inspector Keay and also orally advised [ ] for the confidential information of CSC that after Wackenhut resigned, unsubstantiated information indicates that both Wackenhut and his wife were allegedly having affairs with individuals other than their respective spouses. This action was taken pursuant to recommendations approved in the enclosed memorandum Mr. Davidson to Mr. Callahan dated 9/8/64, and captioned as above. As stated in the enclosed memorandum, CSC is conducting a security clearance type investigation of Wackenhut and Keay for the Atomic Energy Commission (AEC) concerning access to restricted data and restricted areas. Wackenhut is President of Wackenhut Services, Inc., and Keay is an executive in the firm. In addition to the statements regarding the Bureau services of Wackenhut and Keay, which statements contained no derogatory information, [ ] CSC was also furnished copies of the investigative reports on Wackenhut and Keay made by the Bureau prior to their Bureau employment. These reports contain no derogatory information. [ ] said that CSC would use the material provided to assist in the current CSC investigation and would furnish the material together with the results of the CSC investigation to AEC.

Later on 9/11/64, additional background regarding AEC's interest in Wackenhut was obtained from [ ] of AEC's Inspection Division. [ ] said that Wackenhut's organization was recently the low bidder for a contract to supply guards for the AEC Nevada Test Site and the AEC Nevada Operations Office. This contract amounts to about 3.5 million dollars yearly. [ ] added that the present contractor, Federal Services, Inc., is fighting to retain the contract and has made charges that Wackenhut is unfit to have the contract for various reasons. As a result, [ ] said, AEC has extended

the present contract for a period of 90 days and has told Wackenhut it is going to look into the charges against him and his firm.

OBSERVATIONS:

Since AEC is the Agency primarily interested in Wackenhut and is conducting its own inquiry regarding the propriety of awarding him a contract, it is believed we should furnish AEC the same information, orally and on a confidential basis, that we furnished to CSC regarding reported extramarital affairs of Wackenhut and his wife.

RECOMMENDATION:

That Liaison orally advise AEC for its confidential information that after Wackenhut resigned, unsubstantiated information indicates that both Wackenhut and his wife were allegedly having affairs with individuals other than their respective spouses. AEC will also be advised that this information has been furnished confidentially to CSC for its assistance in the current CSC investigation.

SUBJECT: GEORGE R. WACKENHUT  
PRESIDENT  
THE WACKENHUT CORPORATION  
CORAL GABLES, FLORIDA

DATE: 12/28/64

You will recall Morrell to DeLoach Memo dated 12/10/64 describing the strong support set forth by captioned individual and other former employees of the FBI who are currently associated with his organization. A review of our relations with Wackenhut determined that SAC letter 62-24 (B) dated 4/24/62 instructed all offices to refrain from any contact with this organization and in connection with this situation, former Bureau employees known to be associated with this group were removed from the Bureau mailing list. Wackenhut was a Special Agent from 2/12/51 until he voluntarily resigned 5/21/54. Although his services were satisfactory, files reflected Wackenhut had attempted to obtain favors, information and the services of our Miami Office but without success subsequent to his Bureau employment. In the past few years, Wackenhut and other former Agents connected with him have written many letters of support to the FBI and the Director, many of which were acknowledged by in-absence replies due to our relations with them.

Wackenhut's recent letters were so commendatory and favorable to the FBI, it was recommended and approved that he be thanked in a communication over the Director's signature (12/10/64) and that the SAC at Miami be requested to re-evaluate the relations with this group and submit his recommendations as to our future relations.

By airtel 12/21/64 the former Agents listed with this corporation were set out and many of them were readily recognized as having been on the Special Correspondents' List prior to the rupture in relations with this group. The SAC noted that Wackenhut and other former SAs with this company in the Miami area have the greatest admiration and respect for the Director and the Bureau. In view of the recent letter sent to Mr. Hoover by Wackenhut, the SAC noted this exemplified the attitude of Wackenhut and his employees. As a result, the SAC recommended that relations with this group should be restored.

On 11-14-66 a person who identified himself as [redacted] Governor-elect Claude R. Kirk, Jr., (R - Florida), requested the service record of former Special Agent Wackenhut. [redacted] stated that it is Kirk's intention to utilize Wackenhut in some type of confidential investigative matter.

b6  
b7C

Wackenhut was a Special Agent from 2-12-51 until he voluntarily resigned 5-21-54. Although his work record had been satisfactory, subsequent to his resignation, information was received which indicated Wackenhut and his wife were immoral in their conduct, each having had affairs. All offices were instructed by SAC Letter 4-24-62 to refrain from any contact with Wackenhut's firm, the Wackenhut Corporation, to extend no cooperation, and any inquiries or approaches from employees of the firm should be immediately reported to the Bureau. This action was taken because the firm had utilized misleading advertisements, attempted to capitalize on former FBI affiliation of its employees, and its officials had reportedly engaged in personal misconduct and questionable business activities. Wackenhut and other former Agents connected with him have written many letters of support to the FBI and the Director, which were acknowledged by in absence replies due to our relations with him. In view of a continuing attitude of support, the policy was changed and by SAC Letter of 1-5-65 the restrictions previously placed upon the field with regard to the Wackenhut Corporation were rescinded.

## OBSERVATION AND RECOMMENDATION:

Although restrictions with regard to the Wackenhut Corporation have been rescinded, it is felt that the information we have received concerning his personal and business conduct is such that we should continue to refrain from including any comment regarding his character in response to a service record inquiry. If you agree, an appropriate communication to [redacted] is attached.

Former Special Agent Daniel L. O'Connor, who was designated as the counsel for the House Subcommittee inquiring into the activities of Congressman Adam Clayton Powell, called me today and said he had received a telephone call from Florida from George Lardner of the "Washington Post." Lardner asked two questions: (1) He wanted to know if ex-FBI Agents have a pipeline into Bureau files. O'Connor said he told Lardner that obviously they did not and that the files of the FBI were confidential with respect to private citizens and ex-FBI employees of all types, including Special Agents. (2) Lardner wanted to know if the ex-FBI association annually sponsored a resolution against communism which was responsible for George Wackenhut in his House publication taking a stand against communism. O'Connor said he told Lardner he knew of no such activities on the part of the ex-Agents society. O'Connor stated that the only time that the ex-Agents society took a definite specific stand was when any groups attacked the Director and the FBI and in such cases the ex-Agents society made it a point to come out in defense of the Director and the FBI.

O'Connor stated that Lardner also asked him, that in connection with Powell investigation, if the FBI had been asked to investigate Powell and had refused. O'Connor said he told Lardner he knew of no such request on the part of the Subcommittee to investigate Powell and that the only Federal activity he knew of was that the Secret Service had been asked to check on the checks which had been issued to Mrs. Powell and had not been endorsed by her and the Secret Service had been asked to look into this.

Mr. O'Connor thought the Bureau would be interested in the foregoing and I told him I would call it to the attention of appropriate officials at the Bureau. I expressed appreciation for his calling.

# Wackenhut Force Hits A Roadblock At FBI Files Here

By WILLIAM TUCKER  
Reporter of the Miami News

Gov. Claude Kirk's private police force ran squarely against a long-standing FBI policy today when it sought access to law enforcement files which could contain information supplied by the federal agency.

Miami Police Chief Walter B. Headley disclosed he has already refused an agent of the George Wackenhut private detective firm a look at the files on hoodlums in the city intelligence unit.

The idea of Kirk using Wackenhut's services "suits me fine, but I don't know how it stands legally," Headley said.

"One time, Sheriff (Thomas J.) Kelly let somebody who was not a duly constituted officer have an FBI file. J. Edgar Hoover took Kelly off the list for six months."

Headley said in refusing to produce the files he sent word to the agent that, "I needed some official notification, and a little more identification, but he never came back."

"I want to be sure of my legal grounds before I can cooperate fully," Headley said.

Fred Frohbose, special agent in charge of the FBI here, said the FBI supplies local police with information on local crimes and with "rap sheets," or criminal records, of underworld figures in this area.

The rap sheets specifically state that the information is for official use only, Frohbose said, meaning that the police agency involved would get no more information.

Opposition to Kirk's use of the Wackenhut agency with financing by private donations appeared to be rising over the state. The Tampa Tribune was so incensed it printed an editorial entitled "Unsaddle the Vigilantes."

A number of other police officials indicated they would refuse to turn over their secret files to Wackenhut operatives or would do so reluctantly.

Assistant police chief Rob-

ert F. Hobbs of Jacksonville said he would cooperate with Wackenhut only if "they were recognized by J. Edgar Hoover." Both Chief Harold Smith of St. Petersburg and Chief J. P. Mullins of Tampa said flatly they would not open their files to Wackenhut.

The Kirk investigation of hoodlums and others "smacks of Gestapo, police-state tactics," said Dade Sen. Richard Fincher. He said he would ask the Legislature to outlaw the idea.

Secretary of State Tom Adams said, "the war on crime is not a game for amateurs" and suggested that the legislature set up a state crime commission to be financed by tax money and kept under public scrutiny.

Daniel P. Sullivan of the Greater Miami Crime Commission said the Commission strongly feels the need for a statewide crackdown on crime as promised by the governor.

"The method proposed by the governor, however, of hiring an outside investigative agency to be paid out of non-official contributions has some obvious areas of danger," Sullivan said.

"The exercise of police power is a very sensitive area in government. Official authority is almost invariably tied in with official status and official responsibility. It may be that the governor can find ways and means to legally accomplish what he is seeking but we think great care should be used to see that the public's interest is adequately protected in the proposed investigative setup."

Dear Mr. Secretary:

As you know, the Foreign Operations and Government Information Subcommittee has been investigating the problems created by the use of so-called "lie detectors" and, as a result, Federal agencies have substantially modified their procedures for use or control of the devices.

In this connection, the Subcommittee requests your immediate answers to the following questions:

1. Does your agency currently have any contracts providing for the use of "lie detectors" with the Wackenhut Corporation with headquarters at Coral Gables, Florida?

2. Has your agency had any such contracts with the Wackenhut Corporation since January, 1965?

3. Please list all contracts which your agency has had with the Wackenhut Corporation since January, 1965, providing the following information:

Re Tampa airtel 9/7/67.

On 9/15/67 MALCOLM BEARD (NA), Sheriff, Hillsborough County, Tampa, Florida, advised that on 9/14/67 he was in telephonic contact with GEORGE WACKENHUT at Miami and arrangements effected whereby he, Sheriff DON GENUNG (NA) Pinellas County, Florida, and Chief WILLARD BARNES, West Palm Beach, are to meet with WACKENHUT on 9/18/67 at Miami. Purpose of this meeting is to discuss the appointments for the Commissioner and position of Director for the Florida Bureau of Law Enforcement. He stated that apparently Governor KIRK has left the handling of this matter to GEORGE WACKENHUT. He stated that under consideration for the position of Commissioner is Attorney JOHN REED and for the number two position, for that of Director, is former SAC, JAKE EDWARDS.

Sheriff BEARD advised that although he has not received any official notification nor has he seen any public notice concerning their appointments to the Board for the Florida Bureau, apparently WACKENHUT has been authorized by the Governor to inform them of their official position on this Board.

# Security-based success

By Carl Wright  
Star-Bulletin Writer

The Wackenhut Corp.'s success story qualifies it for membership in a phenomenon of the post-World War II business world—the specialized service industry.

It started out in 1954 with little more than an idea and a single private investigator's office in Florida. The corporation's revenues are expected to reach \$35 million this year, up from \$29 million in 1967.

It has between 6,500 and 7,000 employees who operate out of 64 offices (including two in Hawaii), and its profits, which faltered early this year, are once more pushing higher.

Its stock, which has traced an enviable growth pattern, has been traded for a year on the American Exchange.

Its specialty is centered on security, surrounded by a constantly expanding orbit of related services which cover the full range of investigative work.

George R. Wackenhut, corporate chairman and president, is here this week for a look at his Pacific outposts for a family vacation, and for a homecoming of sorts.

## Studied at UH

The visiting executive, who will be 49 next Tuesday, entered the Army while a college student and arrived in Hawaii in 1941 as an enlisted man with a combat engineers regiment.

Resuming his studies in his spare time, Wackenhut took

his bachelor's degree at the University of Hawaii.

He recalls that he got in some solid book work during the blackouts—"there wasn't anything else to do."

He also made the long jump upward from the enlisted ranks, and went through officers training school.

After his discharge, Wackenhut turned teacher; secured a master's degree in education at Johns Hopkins University; and by 1950 was a consultant in physical education work to the Pentagon.

## FBI stepping-stone

At this point he joined the FBI, a move that was to prove a launching pad for his subsequent business career.

Pessimistic over his career opportunities with the FBI ("I was 35 and had started too late"), Wackenhut left the bureau in 1954 to join a fledgling investigative agency in Florida.

By 1956 he had bought out his partner's interests and was in sole charge.

Corporate growth since then, aided by an aggressive acquisition program, has increased at an almost geometric rate.

Interviewed at the Kahala Hilton, Wackenhut said that the growth which has carried his firm to the number three rank nationally in its field has come easier and easier as momentum has developed.

The corporation now offers services under such general headings as "Investigative," "Internal Intelligence," "Re-

tail Store . . . and Industrial Security," "Safety Surveys and Services," "Alarm Systems," and "Guard Duty." The area of fastest expansion lies in investigative work.

Wackenhut took pains to point out that the popular image of an investigator as a gumshoe spying on a roving husband in an impending divorce case is badly outdated.

"We do very little work of that nature."

## Information gathering

Legal investigative work, rather, covers the widest possible range of collecting information for use by attorneys.

There is also growing demand for investigative work on personnel—especially on potential employees.

"If a firm has a prospect for a responsible or sensitive position, it needs to know something about his finances, his background, the kind of person he is."

Wackenhut's multiplying office network is contributing heavily to the growth of the firm's investigative services, he said.

"One office can trade information with or perform services for another office, a thousand miles away."

"We're getting a lot of referral business, too. A good job for a client in one area leads to another job in another part of the country."

Many Wackenhut employees in responsible positions have accounting and legal backgrounds; there is a sprinkling of former FBI men in the organization, and the board of directors is studded with military names including that of Gen. Mark W. Clark.

The full range of the corporation's services are available in Hawaii where the Honolulu office was set up in 1962 and the Wailuku, Maui, branch last year.

Wackenhut Corporation, Washington, D. C., has inquired by letter of 1-24-69 whether he can again be placed on the FBI Law Enforcement Bulletin mailing list. He states as a former Special Agent he enjoyed receiving the Bulletin until it was recently stopped and that his office found the Bulletin most beneficial in its assignments of armed guards for various banks as well as savings and loan institutions in the area.

is a former Special Agent who EOD  and resigned  His service in the Bureau was satisfactory and he has had friendly correspondence with the Bureau. Due to the background of the Wackenhut Corporation and its head, former Special Agent George R. Wackenhut, SAC letter No. 62-24 (B) dated 4-24-62 has instructed all offices to refrain from contact with this organization. Subsequently, based on a favorable attitude of the Wackenhut Corporation in supporting the Bureau, SAC letter No. 65-1 (A) dated 1-5-65 rescinded the above instruction and advised that all Offices may resume normal relations with this organization. In regard to request from Wackenhut Corporation for service record summaries on former Bureau employees, by memorandum from Mr. Adams to Mr. Callahan, dated 3-2-67, it was recommended and approved that as we learned through the service record inquiries of affiliation by former Special Agents with Wackenhut Corporation, that they be removed from the Special Correspondents List if they are on it. Former Special Agent  was on the mailing list to receive the Law Enforcement Bulletin and the Uniform Crime Report bulletin and was removed from the mailing list on 8-1-67 in connection with a service record inquiry.

It is felt we should advise  that because of budgetary limitations, the Bulletin cannot be furnished to him.

It was with the greatest of pleasure that I read your outspoken interview with the press and your answers to Ramsey Clark's book, "Crime in America."

Needless to say, you have the full support of all of us here and, as former Agents, we are particularly proud that despite pressure over the years you have insisted on maintaining the Bureau's personnel entrance standards and qualifications.

Your interview was a most interesting and educational one for the nation, and I hope that you will consent to more such interviews in the future.

SUBJECT: J. EDGAR HOOVER'S INTERVIEW ON RAMSEY CLARK

I am sure all of you read the newspaper accounts of the Director's outspoken attack on Ramsey Clark, and I am sure you were all as delighted as I.

Attached is a copy of a letter which I have written to Mr. Hoover. A similar expression of your support would undoubtedly be appreciated by him since you can bet he will be further attacked by the opposition.

Dear Walter:

I am sure that you were as pleased as I in reading of Mr. Hoover's press interview and his response to the attacks on himself and the Bureau by Ramsey Clark in Clark's new book, "Crime in America."

I am sure, too, that we are all in full agreement with Mr. Hoover's respect for a "good strong man" and for his refusal to loosen and lower the standards and qualifications for Special Agents despite Kennedy pressure.

As President-Elect of the Society, perhaps you may want to urge prompt society support for Mr. Hoover. If "red tape" would delay securing a resolution by the Society as a whole, perhaps the Miami chapter could quickly adopt a resolution of support with copies to President Nixon, Attorney General Mitchell, the Society headquarters and, of course, Mr. Hoover.

I hope and trust the Clark book is not the start of another series of attacks upon the Director.

Sincerely,

Dear Mr. Hoover:

I have been reading with interest and amazement the newspaper articles containing Senator McGovern's attacks upon you and the Bureau. The tactics employed by politicians to achieve office are apparently controlled by no moral or ethical code.

Although I have not been associated with the Bureau for many years now, as a former Bureau agent I still feel that any attack upon you or the Bureau is also a personal attack upon me. I say this because I believe that any agent who leaves the Bureau still feels in his heart that at least in spirit, he is still a Bureau agent.

Associated with me at The Wackenhut Corporation as executives and office managers are many ex-agents. I know that they all share my feelings in this regard.

I am writing this letter in order that you may know that I personally and as President and Chairman of the Board of The Wackenhut Corporation, stand behind you and the Bureau and that wherever and whenever I can, I refute the improper allegations made concerning you and the Bureau by Senator McGovern, Mr. Shaw and the "ten alleged agents" who directed the letter to Senator McGovern that was placed in the Congressional Record.

Dear Mr. Gray:

*George R. Wackenhut*

On behalf of the directors, officers, and employees of The Wackenhut Corporation, I, as Chairman of the Board and President, wish to take this opportunity to extend to you our congratulations on your appointment as Acting Director of the Bureau by President Nixon and our best wishes to you in your administration of the Bureau as the successor to J. Edgar Hoover.

You may be interested to know that four of the thirteen members of the Board of Directors of The Wackenhut Corporation, including myself, John S. Ammarell, Jr., former Assistant Director, Stan Tracy, and General Joe Carroll, are former Bureau agents. In addition, six of the nine top officers of the corporation are former Bureau agents, as are many of our managers throughout the country.

All of us, in the past, have been and remain strong supporters of the Bureau, its work, its employees, and its goals. As you know, in the past years and, more often, in the past year, J. Edgar Hoover was under almost constant attacks by members of Congress, the press, and left-wing groups. We, here, have actively and constantly given Mr. Hoover our support.

You may rest assured that you, as the Acting Director, will also receive the support of this corporation to achieve your goals within the Bureau, which, I am sure, will follow those set by Mr. Hoover, to assure that the Bureau's integrity and achievements continue in the future along the paths led them in the past by Mr. Hoover.

Dear Director Kelly:

It hardly seems possible that three (3) years have now gone by since you were sworn in as a Director of the FBI on July 9, 1973.

From the media coverage it seems to me that your duties and problems have become more hazardous in the past year due to Congressional activity. It must make it extremely difficult for you to carry on your every day responsibilities in view of the constant attacks upon the Bureau and its past activities.

I wish to reiterate that I and my associates here, who are former Special Agents of the FBI, continue to give you and the Bureau our full support. If we, here, can help you in any way, you only have to ask.

Dear Mr. Kelley:

*George R. Wackenhut*

I would like to advise you of the very fine job that was done by a number of your Special Agents involving the arrest of Michael DiLorenzo, who had been involved in activities that could possibly have resulted in kidnaping or physical harm to an important person in the business community.

Initial contacts were made with your Assistant Agent in Charge of the Miami FBI office, Steve McInerney, and over a period of months the FBI was successful in apprehending this individual. The man was released in his own recognizance and failed to appear on the warrants that were outstanding. He disappeared and, through information furnished to Mr. McInerney and very fine work done by the agents of the Miami office, the man was again apprehended and is being returned on state charges in California. We understand additional charges from other States are being lodged against him.

At the time of the apprehension he was driving a stolen automobile with a stolen license plate. We understand that the Supervisor that worked on this case was Special Agent [redacted] and the case was assigned to Special Agents [redacted]

[redacted] They were working with Sgt. [redacted] Coral Gables, Florida, Police Department. Sgt. [redacted] while off duty, saw the automobile, description of which had been furnished to the Coral Gables Police Department by the Special Agents of the FBI.

It pleases me greatly to see fine work done by the FBI and makes me very proud to have been a part of that organization.

Dear Judge Webster:

Your first anniversary as Director of the Federal Bureau of Investigation is fast approaching. I assume, for you, with your many responsibilities, that this seems like ten years rather than one.

I wish to state for myself, personally, and for the many Ex-Agents employed by The Wackenhut Corporation that we all feel better having a man of your character and capabilities in charge of what we believe to be the best law enforcement agency in the world. I hope you have many more years of service to give to the FBI.

Sincerely,

  
George R. Wackenhut *nm*

Dear Mr. Wackenhut:

It was indeed thoughtful of you to remember my second anniversary as Director of the FBI. I certainly appreciate your support and that of your organization.

I was pleased to learn that Clarence Kelley has become a part of your vast network of affiliates. He is a good man as I'm sure you well know, and his expertise and enthusiasm are boundless.

Thank you again for your thoughtfulness in writing.

The Honorable William H. Webster  
Director of the Federal Bureau of Investigation  
Washington Field Office  
Washington, D. C. 30535

Dear Judge Webster:

It does not seem possible that now your second anniversary as Director of the Federal Bureau of Investigation is near at hand. During this past year the Bureau has had quite a few knocks as usual from the New York Times and the Washington Post. It has also made good headlines with cases concerning the investigation of the alleged Congressional bribery scandals and the magnitude of the successful pornography case which hit the newspapers here in Miami recently.

You will be interested to know that Clarence M. Kelley is now associated with The Wackenhut Corporation as Director of the Clarence M. Kelley and Associates, a division of The Wackenhut Corporation, with headquarters in Kansas City, Missouri. This new division of our Corporation will concentrate on arson, fraud and white collar crime investigations. Clarence has also been nominated to become a member of our Board of Directors at our next shareholders' meeting.

It goes without saying that we here at The Wackenhut Corporation always stand behind the Bureau and its activities.

Sincerely, REC-141
